It will probably save more references if you will consent to my being first furnished with a copy of the Madras Government letter to India to which the letter from India is a reply.

No.1377 G dated 21st May 1898

The wording employed in India's letter is such as to make it very desirable ~ that I should know the terms in which the reference was made-I presume there is nothing of a confidential nature ~ about it, and it would clear the way for my reply to your O.N.above quoted.

In para 4 of the letter to the Government of India, it has been distinctly stated that Lieutenant Close R.E. was not borne on the permanent establishment of the Madras P.W. Department, and that his pay was charged to the head temporary establishment (it would have been more correct to have stated that his pay and allowances were passed against the temporary list of the Madras P.W. Department scale of Engineers).

2. With the above knowledge, the Government of India have left it to the Local Government to promote Lieutenant Close R.E. against the actual scale of the Engineer Establishment against a vacancy, apparently, on the Temporary List. And as there was a vacancy in that list to admit of the promotion from Ist --

August

August 1897 to 11th January 1898, both days inclusive, there appears no objection to its being given by Government on the understanding that Lieutenant - Close then draws the scale of pay admissible to him as an officer of the P.W. Department in that grade (Assistant Engineer 2nd grade Temporary rank) viz:-

Military pay and Allowances	Rs 265/12/-
Staff pay	Rs 250/0/-
	<u>Rs 515/12/-</u>

vide P.W. Department Code I, I, IO, and - Appendix A.
