BACK PAPERS.

FURTHER PAPERS.

No. Date.
for working punkahs & watering
tatties during the hot weather,
but with regard to punkah
pullers, a limit of pay of Rs
4 per mensem was fixed in
Go. No 1433 Public D 20-7-83 -

During the hot weather
of the present year, the Supt. Engr.
III circle, Bellary, employed
punkah pullers in his office
at Rs 5 per mensem, & that
rate was objected to by the
Examiner. The Supt. Engr. then
applied for Govt. sanction to the
pay of Rs 5, explaining that it was
not possible to procure a punkah
puller at Bellary for less pay -

He was asked by this office
whether boys could not be ob-
tained for Rs 4, & he now reports
that no attempts have hitherto
been made to get boys for the work -
He thinks that a boy would not be
able to pull 3 punkahs in the Clerk's
room, but that endeavours will be
made next year to get a boy on Rs 4
for the Supt. Engr's room.

No difficulty is experienced
at present in procuring boys, & even
men, to pull punkahs in offices at

No. Date.
It is proposed to sanction pay of Rs 5 per mensem for the
Supt. Engr's office during the hot weather now ensuing, & to tell the S. Engr.
the limit of Rs 4 should be observed in other offices.

No. 1140 W

Superintending Engineer's Office,

3RD CIRCLE.

Bellary 21st July 1898.

FROM Lieut. Col. W. L. G. Baddeley R.E.
Esq.,

SUPERINTENDING ENGINEER,
IIIRD CIRCLE,
BELLARY.

To THE Chief Engineer,
P. W. Department,
Madras.

Sir,

Enclosures.

With reference to your Memo No.
3193 C dated 16th July 1898, I have the
honour to state that no attempt appears to
have been made to get boys for pulling punkahs.
The practice during the last four or five years
has been to employ men on five rupees.

It is doubtful whether a boy could pull the
three punkahs in the clerk's room of the Supt.
Engineer's Office, but probably a boy could pull
the one punkah in the Supt. Engineer's Office room.
Endeavours will be made next hot season
to obtain at least one boy on Rs 4 per mensem.

I have the honor to be,

Sir,

Your most obedient servant,
W. L. G. Baddeley R.E.

Supt. Engineer, III Circle
