

Public Works (1898) Department.

G.O., No.

2020 W

DATED

10th Aug 1898

Draftman [Despatch Abstract.]
The Enclaves during
1898, for the purpose of
sanctioned.

G.O.	No.	Department.	Date.	G.O.	No.	Department.	Date.

P. W. 4.
500-24-3-98.

500-24-3-98.

that Tanjore division being an important
~~Delta division~~ the present establishment of
 2 draftsmen cannot cope with the work
 efficiently and that the records of plans
 and old records, more especially those of
 masonry works &c, which have been
 greatly neglected, should be systematically
 arranged and kept in good order. He
 adds that the old plans &c are at
 present in very great disorder, and
 that, if any further delay is allowed,
 the position will become hopeless. The
 Suptg Engr strongly supports the
 application, and states that the
 drawings &c of the Tanjore division are
 in as bad a state as they can possibly
 be. Statement A flagged E shows
 the distribution of work between the two
 permanent hands and statement flagged C
 gives the duties proposed for the temporary
 draftsman applied for. It is also
 a fact that divisions of equal importance
 have been allowed an extra hand.
 The Exc. Engr has made out a strong
 case and the application is, therefore,
 recommended for sanction. It is very
 false economy to keep divisions short
 of hands.

22-7-98.

Chapter I, Para. 30.

P. W. D. Form No. 113.
500-20-1-96.

MADRAS PRESIDENCY.

Part II.

Tabular Statement to accompany proposals
for changes in establishments.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

Copy of a letter from H. H. C. Connel, Engineer, Tanjore Division, to the Superintending Engineer 5 Circle, N. 2528 dated 8 June 1898:

I have the honour to forward herewith a proposition statement for the immediate entertainment of temporary draftsman on Rs 30 per mensem for arranging the records and plans of the drawing section of my office and to request that you will be good enough to submit the same to the Chief Engineer with a very strong recommendation for sanction by Government.

2. This is a 1st class Division, and as such is entitled to only one first class and one 2nd class draftsman and the distribution of work between these 2 hands is given in the annexed statement A. Tanjore Division being an important Delta Division, the office has to transact multifarious work and my present establishment of 2 draftsman cannot cope with the work efficiently. The records of plans and old records, more especially that of masonry works have been greatly neglected, and their upkeep is still neglected for want of sufficient establishment. Considering the importance of the Division, it is very necessary that all plans be should be systematically arranged, numbered and kept in good order and made easily accessible.

3. The old plans, &c. are at present in very great disorder, and if any further delay is allowed, the position will become hopeless. I have ordered the present establishment to start sorting the plans, &c. but this will greatly retard the routine work which must be kept going. I therefore request that there may be no delay in sanctioning the draftsman asked for in the proposition statement herewith sent, for the whole year, sanction for his re-entertainment will be made from year to year as found necessary.

4. I do not think this demand can be considered unreasonable, as I find that Divisions of equal importance and even those of less importance have been allowed an additional hand for a number of years past. To verify my statement I would beg to invite your attention to the Provincial Budget "Preliminary Issue" for 1898-99 (Final not yet received), and from it, I gather the following Divisions are allowed temporary and permanent hands, supplementing the permanent staff:—

		Temp. Draftsmen on Rs
1. Krishna Eastern Division	1	30
2. " Northern	1	30
3. Bellary	1	30
4. Bellary	1	20
5. Buddah	1	40

		Temp. Draftsmen on Rs
6. Coimbatore Division	1	30
7. North Arcot	1	30
8. South Arcot	1	25
9. Tinnevely	1	30
10. Madurai	1	50
	1	40
11. Chingleput	1	20
12. Krishna Western	1	40
	1	60
	2	30
13. Architect	1	100
14. Godavari Western	1	20

		Permanent hands on Rs
1. Godavari Eastern Division	1	37/100
2. Kurnool	1	2' Class

5. I think I have sufficiently explained the necessity for the entertainment of one additional hand, and should you concur with me, as I hope you will, I request that you will obtain the early orders of Government to entertain the extra draftsman required.

~~Rs 400/00~~

Encls 2
1 Proposition Statement
1 Statement
A.

Forwarded to the Chief Engineer, P.W. Department with a request that the extra draftsman may be sanctioned for one year at least. I have had experience of the state in which the drawings &c. of the Tanjore Division is at present and it is as bad as

it possibly can be. Drawings of important works which should be in the office are not to be found.

Many drawings now missing and which should be in the head office are possibly to be found in sub-division offices.
