Letter No. 1181 W

Dated 8th July 1898

From the Supt. Engineer 3rd Lich
Wells.

NOTE BY TECHNICAL SECTION.

Name of work... Repairing Farmine
tools in the Wells division
Est Rs 11,000.

W
The estimate can be sanctioned
2. An allotment of Rs
12,000 is asked for.
Asst
1-8-98.

The est. may be sanctioned
but we cannot at present
give an allotment of anything
like Rs 12,000 for the work.
altho' it may be possible
later on. There is no
immediate hurry about this
work. The L.S. should be
asked to stop it for the
present. A report what is
the minimum allotment
reqd. what became of
the Rs 10,000 sent to here
been asked for in the

The Supt. Engineer 3rd Lich
submits for sanction a
detailed estimate with
data for rates amounting
to Rs 11,000 for repairing
farmine tools in the Wells
division.
The Supt. Engineer
had already sanctioned an
estimate for Rs 3,845 for
steel-tipping 3000 Pickaxes
part of the general estimate
for repairing tools, should
given verbal order to Mr.
Clerk to go on with the
work. The present estimate
is submitted as a revised
estimate with a compara-
tive statement. side state-
ment of work attached

III Encl Budget
Wells

Lump sum of Rs 600 + Rs 500
 have been provided in "Carriage
 of Tools & Plant" and "Racks for
 packing of tools" respectively while
 items are explained in the Statement.
 The number of famine tools
 in the Bellary Division is
 far in excess of the scale laid
 down by G. O. No 3116 W of
 2nd Decr 1893 but the
 requirements of tools during
 the late famine were much
 greater than was antici-
 pated. The work now being
 carried out will cause
 a large supply of serviceable
 tools being ready for any
 emergency, and it has
 been calculated that the
 saving to Govt by re-tipping
 the old pickaxes amounts
 to Rs 1 per tool, or Rs 6,000
 on the whole estimate.
 The estimate would, ordi-
 narily, have been sanctioned
 by the Insp. Engineer & if
 ordered, he is prepared to
 do so but, in the meantime,
 requests an allotment of
 Rs 12,000 may be made to
 cover the present estimate.
 W. S. as per data furnished

10.7.98
 1.8.98

The principal items of Excess are the following:-

Item No.	Sub. head	Amount of Excess	Reasons
1-	Lengthening axes pick	Rs 3750	Due to late S. L. Mr. Lamine having verbally ordered 3,000 pickaxes to be painted in addition to the 3000 already sanctioned.
2-	Refacing hammers	1250	Found necessary to render 10,000 hammers serviceable as a reserve for future famine.
3-	Repairing tools &c	875	Essentially necessary to prevent tools rusting. The rate is the same as that already sanctioned.
4-	Packing tools in bags	450	It is necessary to systematically pack all tools now scattered.
5-	Carriage Tools & Plant	600	This is necessary to bring in Tools & Plant from different taluqs & vice versa including railway charges.
6-	Racks for packing tools	500	Necessary for storing tools within a limited space to facilitate check &c.

Contingencies &c 330
 Net Excess - 7755

10.7.98
 1.8.98

A. K.
 1.8.98.

Revised Est. Total 11,600
 Original Est. Total 3,845
 Excess amount requiring sanction 7755

C. No 5732

SAW.

Please have this
estimate dealt with in the
usual manner. under Govt's
orders, in the T. & B. Sections.

SUBJECT.

Flaming Tools in the
Belleary On

Forwarded for sanction
an estimate Rs 11600 for
repairing — and request
for an allotment of
Rs 12000 may be made

he proposed to spend for Tools & Plant and was directed in this office No 6448 dated 22nd March 1898 not to incur any expenditure until the estimate is sanctioned and funds allotted.

3. Mr J. C. Lammie Suptg Engineer has already sanctioned an estimate for Rs 3845 for steel tipping 3000 Pick axes, As part of the general estimate for repairing tools, & he also gave verbal orders to Mr Clerk to go on with the work.

The number of famine tools in the Bellary division is far in excess of the scale laid down in G.O. No 3116 W of 2nd December 1893, but I understand that the requirements of tools during the late famine were much greater than was anticipated.

The work now being carried out will ensure a large supply of serviceable tools being ready for any emergency and

and it has been calculated that the saving to Government by re-tipping the old pickaxes amounts to about Rs 1, per tool or no less than Rs 6000 on the whole estimate.

The estimate would ordinarily have been sanctioned by me & if desired I will do so now, but in the meantime I beg to request that an allotment of Rs 12,000 may be made to cover the present estimate.

I have the honour to be

Sir

Yours most obedt Servt
