Note. This is an application for an increase of Rs 1 in the pay of the watchman for the rest house at Gobichettipalayam in the Coimbatore division. The Sub divisional Officer, Erode, reports that the rest-house is situated in an isolated barren place and that men doing cooly labour there can find occupation all throughout the year and earn on an average Rs 7 per mensem, as there is an irrigation channel running close to Gobichettipalayam. The increase of pay from Rs 4 to Rs 5, proposed for this watchman

From,

P. V. Manicka Saikar Esq.
Assistant Engineer
Erode Sub DL

To,

The Executive Engineer
Coimbatore DL

Sir,

With reference to your no. ²⁸⁶⁰/_{7.7.98} forwarding the estimate for maintaining a watchman for the Gobi Rest House, I have the honor to invite your attention to this office No. 850 of 8.4.97 in which I have recommended an increase of pay to the watchman and for which no reply has yet been received.

2. Gobichessipalayam is one of the very hot places in the District and the rest house is situated in an isolated barren place with no trees or topes close by. During hot weather especially the heat and light reflecting from the bare ground in front is very trying and unbearable. There is no shade even to pitch a tent under in the Compound and on the whole the building affords no convenience to the occupant during hot weather. Further as the Major work the works lie round Gobichessipalayam

3. This rest house is the most frequented of all those in the section by officers.

3. Considering then I submitted an estimate amounting to a few rupees for planting some crotons in front of the building and trees in the Compound. which will ~~low~~ tone partly the effects of the sun's heat and light but it was not sanctioned.

The watchman has planted some Country plants available to him in the Compound and is watering and maintaining them most carefully, though he has to carry water for the plant from along distance.

4. As there is an irrigation channel running close to Golichessipalayam even men doing Coaly labor Can find occupation all throughout the year and they earn on the average Rs 7 per mensem. This watchman is paid only Rs 4 per mensem, but he devotes his full time in keeping the lungalot and its compound neat & tidy and does more work than any of the high paid watchmen in the Sub Div.

Therefore he fully deserves the increase
to pay recommended by me & if you can
see your way to obtain sanction for it, it will
only be doing justice to him.

6. I consider the planting of Crotons & trees in the
ground is very necessary & if permitted I shall
fairly submit an estimate. (Sd) P. Y. Manickabaidex.

MADRAS PRESIDENCY.

Part II.

Tabular Statement to accompany proposals for changes in establishments.

NOTES.

Reference to P. W. D. Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.
