From M.R.Ry. E. COONJAMBOO Avargal, Chairman, Municipal Council, Cannanore, to the Secretary to Government, Local and Municipal Department (through the Sub-Collector, Malabar), dated 4th January 1898, No. 1773.

Under instructions from the municipal council, Cannanore, I have the honour to request you will be good enough to obtain the orders of Government to make over permanently to the council the building in which the Cannanore municipal hospital is at present located.

2. I enclose extracts from the remarks of the Surgeon-General with the Government made in the Visitors' Book of that hospital, wherein he dwells on the importance of so getting possession.

I may submit that the building is one of the old Artillery barracks allotted by Government for use as a hospital under G.O., No. 50, Financial, dated 29th January 1890, and so used since 25th March 1890.

ENCLOSURES.

TRUE Extract of the Remarks by the Surgeon-General with the Government of Madras from the Visitors' Book.

Visited the hospital with the Civil Surgeon and found it clean and in good order. There were 22 in-patients. It is most desirable that the municipal council should apply to have the building handed over to them permanently in order that the floor, roof, &c., may be properly repaired. It is also necessary that quarters near the hospital should be provided for the hospital assistant.

TRUE Extract of the Remarks by the Surgeon-General with the Government of Madras from the Visitors' Book.

Visited the hospital; it is clean and in good order, but the floor especially requires a good deal of improvements. I would again call attention to the remarks I recorded in February 1896. The system of getting supplies from a contractor is very expensive. If the hospital had a purveyor, and the permanent advance to the hospital was increased, it would save money to get such articles departmentally.

No. 2011-C.

Returned, with the remark, that in paragraph 2 of the Quartermaster-General's letter of the 18th September 1888, printed with G.O., No. 3037 W., dated 26th idem, it was stated that, should the Royal Artillery buildings at Cannanore be required again for military purposes, they must be vacated on reasonable notice. This condition does not appear to have been revoked, and the proposal to make over the hospital building permanently to the municipality will therefore require the assent of the Lieutenant-General Commanding the Forces.

Under Secretary to Government, P.W.D.
