Read—the following papers:—

From the Inspector-General of Police, dated 19th April 1898, No. 1446.

I have the honour to submit plan and estimates for Rs. 2,670 for constructing a second-class police station house at Harpanahalli, in the Bellary district.

2. The work was approved of in G.O., No. 1347, Judicial, dated 19th August 1896.

3. As I considered the amount to be high, I returned the estimate to the Superintending Engineer with a request that the pinewood planks underneath the Mangalore tiles might be omitted except for the lockups and that concrete or any other cheaper flooring might be substituted for flooring with Cuddapah slabs. That officer considers that the omission of the pinewood planks underneath the Mangalore tiles is not desirable and that the substitution of concrete for granite slab floors will save only Rs. 37 and that the slab floor is more durable and satisfactory. I submit his reply herewith, with the suggestion that the estimate be examined professionally with a view to seeing whether further reductions cannot be made.

Endorsement of the Public Works Department, dated 8th Aug. 1898, No. 768 D.

Order—No. 1284, Judicial, dated 17th August 1898.

Under the circumstances stated, the plans and estimates forwarded with the Inspector-General's letter, No. 1446, dated 19th April 1898, are approved and will be transferred to the Public Works Department.

To letter No. 1446 719-4-98
From Inspector-General of Police.

Copy of letter N. 6624, dated 31st March 1898 from the Superintending Engineer, III Circle, Bellary, to the Assistant Inspector General of Police, Madras.

In reply to your letter N. 6. N. 660, dated 25th March 1898, I have the honour to inform you that the pine-wood planks for Ceiling underneath the Mangalore tiles can be omitted but that the omission is not desirable. The Substitution of Concrete for granite Slab floor will only save about Rupees 37-00, but the Slab floor is more durable and satisfactory. The estimate admits of no other reduction.

The plan and estimates are returned herewith.
