From J. C. JOHNSTON, Esq., Executive Engineer, Kurnool Division, to the Superintending Engineer, III Circle, dated 18th June 1898, No. 1066.

In reply to your No. 554, dated 11th May 1898, forwarding a copy of the Chief Engineer's memo. No. 2375 C., dated 4th May 1898, I have the honour to report that the Special Kurnool Canal Sub-division sanctioned for two years in G.O., No. 3293 W., dated 22nd December 1894, was constituted on 4th April 1895, for the execution of the work detailed in this office report dated 3rd December 1894. The work was in progress until 22nd March 1897, when Mr. Dennehy, who was in charge of the sub-division, was transferred to famine duty, leaving the work at a standstill.

2. Mr. Dennehy, on closure of famine, resumed his charge of the special canal sub-division on 20th November 1897, and had almost completed the work when he fell ill and had to go on leave. The work has now been taken up by Mr. J. Willis who estimates that it should be completed by the end of November 1898.

3. From Mr. Dennehy's report dated 4th May 1898 it appears that the work detailed below still remains to be done both in field and office :—

(1) *Demarcation—Upper Sub-division.*—(*a*) The main canal and distributaries in the Nizam's Dominions in Ralampad, Sultanpur and Jillalapad villages have yet to be demarcated. This work was stopped owing to the Nizam's Government objecting to the demarcation of the canal land lying in those villages.

(*b*) The waterspread of the Tangadancha, Pagadial, Mallyala and Maddigutla tanks have to be demarcated to the 7 feet water line and compensation settled for any land which it may be necessary to acquire.

(*c*) Two channels at Pothalapad and Chabole also require demarcation.

Lower Sub-division.—The demarcation of main canal and quarry in Kothur village limits has not been attended to, the land required having to be taken up under the Act and stones not being available. This will have to be attended to by the lower

sub-divisional officer of the canal. The work on the following channels is in progress and will be completed shortly :—

(1) Kokarayapalli channel.
(2) Cheypad channel.
(3) Thirupavaram channel.
(4) Muthuluspad do.

(2) *Marking out position of the stones in the map—Upper Sub-division.*—The work to be done in this direction is to mark the position of the stones in the maps from 36 to 67 miles and in channels taking off from the canal from Alloor to Rudravaram sluice No. 101.

Lower Sub-division.—This has been completed except in Kothur, for reasons explained in paragraph 3 (1) above.

(3) *Schedules of land taken up for the main canal and distributaries—Upper Sub-division.*—The schedules for two-thirds Nandyal and a few villages in Sirvel taluk remain to be written up.

Lower Sub-division.—The land plans, &c.. have been completed throughout, but no schedules have yet been written up, the work in Jammalamadugu, Proddatur and Cuddapah having still to be attended to. It will take a deputy surveyor three months to complete this work.

(4) *Coloring maps, &c.*—A draftsman has been employed since 10th January 1898 in coloring maps with reference to the land insurance and wet land conversion; he has completed Ramallakot, Nandikotkur and Nandyal taluks and has to complete the Sirvel and Koilkuntla taluks; besides this he has to transfer the irrigation channels into these maps. It may probably take him some four months more to complete all this work.

4. Under the above circumstances I request that you will be good enough to obtain the sanction of Government for the re-constitution of the sub-division from the 20th November 1897 up to the end of November 1898 by which everything is expected to be completed.

5. A revised proposition statement for the requisite establishment for the above period is herewith submitted for necessary sanction.

No. 1175 W.

Communicated to the Chief Engineer, Public Works Department, for information with reference to his memo. No. 2375 C., dated 4th May 1898.

2. Sanction to the entertainment of the special establishment may be given after the explanation submitted by the Executive Engineer, and it is recommended for the whole of the current official year.

(Signed) W. L. C. BADDELEY, Lt.-Col., R.E.,
Superintending Engineer, III Circle.

7th July 1898.

From the Superintending Engineer, III Circle, dated 29th July 1898, No. 1554 W.

Order—No. 2200 W., dated 30th August 1898.

Sanction is accorded to the re-constitution, from November 1897 to the end of the current official year, of the Special Kurnool Canal Sub-division, in the Kurnool division, for the completion of the work detailed in paragraph 3 of the Executive Engineer's letter received with the Superintending Engineer's endorsement No. 1175 W., dated 7th July 1898.

2. The employment of the undermentioned establishment in the sub-division is sanctioned :—

(*a*) One deputy surveyor on Rs. 30 per mensem for three months.
(*b*) One draftsman on Rs. 30 per mensem from January 1898.
(*c*) Four peons on Rs. 6 each per mensem from November 1897.

3. If, as stated in the Executive Engineer's letter forwarded by the Superintending Engineer with his endorsement No. 6364 W., dated 7th March 1898, a permanent peon of the division who was supernumerary is available for duty under the officer in charge of this sub-division, only three temporary peons should be entertained.

4. The sanction accorded in paragraph 2 of these Proceedings has been registered as Provincial No. 54 W. of 1898-99, and classified as Establishment--Temporary.

No 2200 W dt 30-8-98

Sanction is accorded to the reconstitution, from November 1897, to the end of the current official year, of the Special Kurnool Canal Sub-division, in the Kurnool division, for the completion of the work detailed in para 3 of the Executive Engineer's letter received with the Suptg Engineer's endorsement No. 1175-W, dated 7 July 1898.

2. The employment of the undermentioned establishment in the sub-division is sanctioned:—

(a) 1 Dy Surveyor on Rs 30 per mensem for 3 months.

(b) 1 Draftsman on Rs 30 per mensem from January 1898.

(c) 4 peons on Rs 6 each per mensem from November 1897.

Note to accompany the draft order on C No 6398 &c.

In G.O. No 3293 W. dated 22nd December 1894. the formation of the Special Kurnool Canal Sub division in the Kurnool division, was sanctioned for 2 years for the execution of the work detailed in the Executive Engineer's report of the 3rd December 1894. The Sub division was constituted on the 4th April 1895, and Mr Dennehy Sub Engr. was placed in charge of it. The work was in progress till the 22nd Feb 1897, when Mr Dennehy was transferred to Famine duty leaving the work at a standstill.

2 On closure of the Famine Relief works, Mr Dennehy resumed ~~his~~ charge of the Canal Sub division on the 20th November 1897, and had almost completed the work when he fell ill and had to go on leave. The work has now been taken up by Mr J. Willis who estimates that everything might be completed by the end of next November. But this view is not shared by us. The work that remains to be done both in field and Office is detailed in para 3 of the Executive Engineer

3. If, as ~~was~~ stated in the Executive Engineer's letter* forwarded by the Supt.g Engineer with his endorse-ment, No. 6364W dated 7th March, 1898, a permanent peon of the division who was supernumerary, is available for duty under the officer in charge of this sub-division, only 3 temporary peons should be entertained.

4 The sanction accorded in para 2 of these Proceedings, has been registered as Provincial No 54 W. of 1898-99, and classified as Establishment, Temporary.

Engineers letter flagged X. The Suptg Engineer recommends that the reconstitution of the Sub division be sanctioned for the whole of the current Official year. The undersigned supports the S.E's recommendation

3. The establishment proposed for the Sub division consists of 1 Dy Surveyor on Rs 30 for 3 months. 1 Draftsman on Rs 30 from January 1898 to end of 1898-99 and 4 peons on Rs 6 each from Nov. 1897 to end of 1898-99. In the Executive Engineers letter received with the S.E's endorsement No 6364W, dated 7th March 1898, it was stated that a permanent peon of the division who was supernumerary was doing duty under the Sub divisional Officer. If it is the case only 3 temporary peons are necessary.

4. The applications for sanction to the reconstitution of the Sub division and for sanction to the entertainment of the temporary establishment were received in this Office last March. After a reference to the Examiner was made, the S.E was directed to explain why the special work for which the sub division was created, was not completed within the fixed time vide memo No 2375C dated 4th May 1898. His reasons have been summarised in paras 1 & 2 above.

FURTHER PAPERS.

No.	Date.

Copy of letter from J.C. Johnston Esq Exec: Engineer Kurnool Division to the Superintending Engineer IIIrd Circle dated 18th June 1898 No. 1066.

In reply to your No. 554 dated 11th May 98, forwarding a copy of the Chief Engineer's memorandum No. 2375C dated 4.5.98, I have the honour to report that the special Kurnool Canal Sub Division sanctioned for 2 years in G.O. No. 3293W dated 22.12.94 was constituted on 4.4.95 for the execution of the work detailed in this office Report dated 3.12.94. The work was in progress until 22nd March 97 when Mr. Dennehy who was in charge of the Sub Division was transfered to Famine duty leaving the work at a standstill.

2. Mr. Dennehy, on closure of famine resumed his charge of the special Canal Sub Division on 20.11.97 and had almost completed the work when he fell ill and had to go on leave. The work has now been taken up by Mr. J. Willis who estimates that it should be completed by the end of November 1898.

I would not take Mr. Willis's estimate. It is doubtful if the P.S. does not, since he resumed special establishment until close of official year 1897-8.

3

Upper Sub Division. The schedules for 2/3 Nandyal and a few villages in Sirvel Taluq remain to be written up.

Lower Sub Division. The land plans to have been completed throughout but no schedules have yet been written up, the work in Jammalamadugu, Proddatur and Cuddapah having still to be attended to. It will take a Deputy Surveyor 3 months to complete this work.

(4) Coloring Maps &c. A draftsman has been employed since 10.1.98 in colouring maps with reference to the land insurance and wet land conversions; he has completed Ramallakotta, Nandikotkur and Nandyal Taluqs and has to complete the Sirvel and Koilkuntla Taluqs; besides this, he has to transfer the irrigation channels into these maps. It may probably take him some 4 months more to complete all this work.

4. Under the above circumstances I request that you will be good enough to obtain the sanction of Government for the reconstitution of the Sub Division from the 20.11.97 upto the end of November 98 by which every thing is expected to be completed.

5. A revised proposition statement for the requisite establishment for the above period is herewith submitted for necessary sanction.

(Copy)

No 1175 W dated 7 July 1898.

Communicated to the Chief Engineer P.W.D, for information with reference to his Memo No 2375C dated 4th May 1898.

2. Sanction to the entertainment of the Special establishment may be given after the explanation submitted by the Exec: Engineer, and it is recommended for the whole of the current official year.

W.H. Baddeley
Lieut Colonel
Supdg Engineer in Circle

3. From Mr. Demchy's report dated 4-5-98 it appears that the work detailed below still remains to be done both in field and office.

(1) Demarcation

Upper Sub Division (a) The main Canal and distributaries in the Nizam's Dominions

in Kalampad.
Sultanpur
Jillalapad.

villages have yet to be demarcated. This work was stopped owing to the Nizam's Government objecting to the demarcation of the canal land lying in those villages.

(b) The water spread of the

Sangadancha
Pagadial.
Mallyala
& Maddigutla.

tanks have to be demarcated to the 7ft. water line and compensation settled for any land which it may be necessary to acquire.

(c) Two channels at Pothalapad and Chabole also require demarcation.

Lower Sub Division. The demarcation of main canal and quarry in Kothur village limits, has not been attended to, the land required having to be taken up under the Act and stones not being available. This will have to be attended to, by the Lower Sub Divl. Officer of the Canal. The work on the following channels is in progress and will be completed shortly.

1. Kotharayapalli channel.
2. Cheypad ——— do ———
3. Thirupavaram ——— do ———
4. Muthulupad ——— do ———

2. Marking out position of the stones in the map.

Upper Sub division. The work to be done in this direction is to mark the position of the stones in the maps from 36 to 67 mile and in channels taking off from the canal from Alloor to Rudravaram Sluice No. 101.

Lower Sub division. This has been completed except in Kothur, for reasons explained in para 3 (1) above.

3. Schedules of land taken up for the main Canal and distributaries.

Copy of para I of letter No. 6164 dated 15th February 1897 from J.C. Johnston Esq Exec Engineer Kurnool Division to the Supdg Engineer III circle Bellary.

I have the honour to request that you will be good enough to obtain the sanction of Government for the reconstitution of the old Canal Special Sub Division and the Head Quarter Sub Division as Messrs J.C. Dennehy and E.P. Taylor have resumed their ordinary charge of these Sub Divisions after their famine duty was over from 20th and 28th November respectively.

(Copy)

No. 6468W of 22 March 1898

Submitted to the Chief Engineer P.W.D with a request that he will be good enough to obtain the sanction of Government for the

the re-constitution of the Sub Division above referred to.

J. E. Lawrence

dated 189 .

EXAMINER, P. W. ACCOUNTS.

Madras, 5th April 1898.

OFFICE NOTE No. 1142-03/E

To

W.

Your Office Note No.1490 C dated IIth.March I898.

Returned with the requisite certificate as regards "Present Scale".

2. In G.O.No.3293 W dated 22nd. December I894, the formation of the temporary "Special Kurnool Canal Sub-division" was sanctioned for only two ~~months~~ years. This sanction having already expired, and the Sub Division having been abolished (vide "Remarks" in the List of Famine Sub Divisions for the III. circle printed on page 3 of G.O.No. I948 W dated I7th.July I897), the extra Establishment now applied for can only be sanctioned after the re-constitution of the Sub Division is authorized by Government.

3. From the Executive Engineer's letter accompanying the proposition statement, a permanent peon of the Division who has become supernumerary, is being utilized by the Sub Divisional

Officer

Officer, and if this is agreed to,
sanction is apparently necessary for
3 peons only for 1897-98.

Letter from J. C. Johnston Esqr. Exe: Engineer
Kearnod Division No 6141 dated 12/16 February 1898
to the Sepdg: Engineer III Circle, Bellary.

EXAMINER,
P. W. ACCOUNTS.
14 MAR. 1898
No .....

I have the honour to forward herewith a revised proposition statement of Temporary Establishment required for the year 1897-98 and to state that at the time the original proposition statement was submitted with this Office No 1487 dated 11th March 1897 there were four permanent peons and one clerk of the late Cumbum Sub-Division as supernumerary and were available for the Office Establishment required for the Special Canal Sub-Division. These men have been absorbed as vacancies occurred in the Division with the exception of a peon named Bade Sahib who has now been given to the Special Canal Sub Divisional Officer. The Examiner of P. W. Accounts disallows this peon's pay on the ground that no provision is made in the original statement sanctioned in G. O. No 1298 W dated 19th May 1897 I have therefore

therefore now included the requisite esta-
blishments for the Special Canal Sub-Divn
in the revised statement and to request you
will be good enough to obtain at your
earliest convenience the necessary sanction
of Government.

A Deputy Surveyor was provided
in the original statement whose services are
not required for the current year and the
same has been omitted. A Draftsman
being necessary has been included.

No. 636 W dated 7th March 1898.

Submitted to the Chief
Engineer P. W. D. with a request that he will
be good enough to obtain the necessary sanction
of Government to the revised Proposition statement
as far as Kurnool Division is concerned.

J. C. [illegible]
Supdg. Engineer, III Circle.
