Copy of letter from H.E. Clerk, Esquire Executive Engineer, Ballarat Division to the Superintending Engineer, III Circle, Ballarat. Dated 3rd August 1898. No. 5811.

With reference to the last sentence of G.O. No. 1910. W. dated 29-7-98 forwarded with your No. 1597 dated 1-8-98, I have the honour to report that the Expense of dismantling the main walls would be very great, and that there is at present no work on which the materials could be utilized.

I propose therefore to leave the walls standing.

tion, or would
must we ask sup
to write?

Cr
7-8/8/98

Ans.

(1) Yes. inde reply on 1 sht

(2) Yes. "W" means to in:
-cause the depth of cu:
-cate above by another 6
inches which with them
make the foundations of
the work 2 feet in depth.

(3) Probably due to the work
being more difficult, wor
k this Circle being under:
-ground whereas the
work of the 7 in the Straits
forward work is entire:
-ly ground work.

Ans & the answer Dir-6-98
the information in regard
to the depths of foundations or
with it be desirable for answer
to the Light House Dept.
