8. From the above it will be seen that the value of work done during the year is more by Rs. 93,505-12-9 than that of the previous year, and that, as in the previous year, the bulk of the increase occurs under work done for the Public Works Department.

9. *Unfinished Work.*—The following statement shows the value of unfinished jobs at end of the year under review as compared with that at end of the previous year :—

	1896-97.	1897-98.

ORDER—No. 2288 W., dated 3rd September 1898.

With the office-note above recorded, the Examiner submits a report on the results of the working of the Public Works Workshops for the year 1897-98.

2. The capital of the shops at the beginning of the year amounted to Rupees 1,48,674-13-8 and at the close of the year to Rs. 1,48,854-10-4, showing an increase of Rs. 179-12-8.

3. The outturn of work is valued at Rs. 2,82,499-5-0 against Rs. 1,88,993-8-3 in the previous year, showing an increase of Rs. 93,505-12-9. The following statement compares the value of work done for the Public Works Department and other departments and for private parties, during the year under review and in 1896-97 :—

	1896-97.	1897-98.	Difference.	Remarks.
	RS. A. P.	RS. A. P.	RS. A. P.	
1. Work done for the Public Works Department	1,59,349 14 3	2,50,740 0 8	91,390 2 5	More than in 1896-97.
2. Work done for Military Works and State Railways	1,304 12 0	712 3 0	592 9 0	Less than in 1896-97.
3. Work done for other departments	25,050 6 5	27,166 13 10	2,116 7 5	More than in 1896-97.
4. " for quasi-public bodies	93 2 4	1,127 15 11	1,034 13 7	More than in 1896-97.
5. " for private parties	3,195 5 3	2,752 3 7	443 1 8	Less than in 1896-97.
Total	1,88,993 8 3	2,82,499 5 0	93,505 12 9	More than in 1896-97.

The bulk of the increase was in the value of work done for the Public Works Department, and is due chiefly to the number of tools made for famine-relief works, and to the fact that larger orders have been placed with the Workshop by officers of the department during the year under review on account of the better quality of the work now turned out under the superintendence of Mr. Moss.

4. The profit and loss account shows the receipts during the year to have been Rs. 6,426-9-10, while the direct charges were Rs. 19,575-4-11 and the indirect charges Rs. 13,843-14-8. The total charges were therefore Rs. 33,419-3-7, showing an apparent loss on the year's transactions of Rs. 26,992-9-9. If the provision for leave and pension allowances and interest on capital be excluded, the direct loss would be Rs. 18,726-0-10, and if 25 per cent. on the value of work done for the Public Works Department be taken into account as it is in the case of all other departments, public bodies and private persons, the loss would be converted into a profit of Rupees 43,958-15-4. In the previous year, the similar net result was a profit of Rupees 20,250-15-0.

The year's operations may, therefore, be considered satisfactory.
