for rent.

2. The estimate of Rs 20,400 provides for the working expenses of the vessels, such as the wages of the crew, cost of fuel and small stores, &c. The cost is in the first instance debited to the suspense head "Stock", which is gradually relieved by debits to works in the case of conveyance of materials, and by cash recoveries from the persons using the vessels. No allotment is necessary to cover the outlay. The sanction applied for is only formal.
