Note. The Suptg. Engineer, III Circle, reports that very heavy arrears exist in the Bellary division office, and in his first letter (Current No 6400) he asks for sanction to the appointment of an Accounts Clerk on Rs 50 per mensem for 6 months. He had previously applied to the Examiner for the services of an extra accountant, but the latter officer intimated that one was not available at present. The Examiner suggested that a temporary Accounts Clerk should be applied for —

In a second letter (Current No 7130) the nature of the arrears in the division office is stated, & the Ex: Engineer asks that, in addition to the Accounts Clerk for 6 months previously applied for, a second accounts clerk for two months be sanctioned. The Suptg. Engineer follows this up by requesting that an experienced accountant, and one accounts clerk, or if possible 2 accounts clerks, be posted to the division without delay. It is thought however that the present Accountant, with the aid of an experienced Accounts Clerk, who has worked in the division before, should be able to clear the arrears in 6 months. It is proposed to order the Suptg. Engineer to report again on the state of the office before the expiration of 6 months, and it can then be considered whether further assistance is needed.

Appd.
A.H.

In a telegram of 27-8-98 (Current No 7131) the Suptg. Engr. states that the Establishment applied for is urgently required.

It seems a pity that the Senior Accountant Narasinga Row, who was specially posted to the division during the famine to work there in addition to the ordinary divisional Accountant, was withdrawn before all arrears had been cleared off, but apparently the exigencies of the service demanded his transfer.

The arrears in the Bellary Dn. Office are due to the fact that during the famine most of the ordinary accounts work was at a standstill & Registers have now to be written up for more than a year

Engineer Bellary ~~Division~~ No 5139 dated

In reply to your letter No. 1324 dated the 18th instant, I have the honor to state that an experienced accountant is not available at present, and, in any case, I am of opinion that an additional accountant is not necessary. The Bellary Division should be able to soon cope with the remaining arrears of work with the assistance of a smart accounts clerk temporarily posted to that Division.

2. I would, therefore, suggest that Govt. be addressed to sanction a temporary appointment of an accounts clerk on Rs 50 per mensem for six months, and also to approve of the appointment of one of the 3 accounts clerks.

viz: C. V. Ramiengar
P. Kutumba Rao
M. Atchyya Patrudu who have

recently reverted from officiating accountant grade to their respective posts.

3. I also enclose copy of Executive Engineer Bellary Division No. 5139 dated 8th July 1898 to my address, and would suggest that sanction to a temporary clerk x on small pay be obtained for sorting and rearranging the records &c. of his offices

1 Enclosures.

Sir,

I have the honour to inform you that the Examiner P. W. Accounts was asked in this Office No. 1394 dated 18th July 1898 for the services of an experienced Accountant, to clear off the arrears which are very heavy in the Bellary Division. The Examiner in his No. 2580 P/B dated 25th July 1898 (copy enclosed) states that an experienced Accountant is not available, and suggested the appointment of an Accounts clerk to be selected out of the 3 mentioned in his letter quoted above; but the Officer in charge of Bellary Division does not want any one of the 3 accounts clerks recommended by the Examiner, but asks for the services of one Venkatasubbiah a clerk in the 2nd Circle who was an acting Accounts clerk in the Bellary Division during the Famine. Failing the appointment of an Accountant I strongly support the Exe: Engineer's proposal.

2. An Accountant would in my opinion be of greater assistance to the Exe: Engineer, but as the Examiner states that one is not available, I request that you will be good enough to obtain the sanction of Government for the entertainment of an Accounts clerk on Rs 50 for 6 months, and in consulation with the Examiner transfer Venkatasubbiah from the II Circle (Kistna Eastern Division) to the Bellary Division temporarily.

I have the honour to be,

Sir,

Your most obedient servant,

Copy of letter from H. E. Clerk Esquire, Executive Engineer, Bellary Division to the Superintending Engineer, III Circle, Bellary, dated 23rd August 1898, No. 6287.

With reference to this Office No. 5641 dated 27th July 1898, asking to have M. Venkatasubbiah posted as an accounts Clerk to this Division I have the honour to request that very speedy arrangements may be made to post a man at once. For reasons already stated I should prefer Venkatasubbiah, but if his services are not available some one else should be sent.

2. It is absolutely impossible

for my accounts staff to clear off their arrears unless some assistance is given. The preparation of the Completion reports for the various large buildings recently completed involves the adjustment of the Register of works and as the work abstracts appear to have been most incorrectly prepared, this is a work of considerable magnitude. I have just been examining the work done by the Accountant on Tadpatri Cutcherry which is nearly complete. This has taken him 6 days to do and there still remain the following works for which Completion reports are due to Government.

(1) Taluq Cutcherry Dharmavaram
(2) Do Gooty

(3)

(3) Improvements to Taluq Cutchery Hospital.
(4) Police Office Anantapur
(5) School house Anantapur
(6) Kampli and Bellagodal Channel Improvements
(7) Royalcheruvu Tank Improvements.

While the Accountant is thus engaged, it is impossible for him to attend to audit notes, objection statements &c which are all two or three times their normal size, and take a considerable time in disposal.

3. You will see therefore the absolute urgency for the appointment of at least one accounts clerk. Until he is appointed I cannot see any

chance of the arrears in this branch of the Office being cleared off, and I cannot blame my accountant who is doing his best in the matter.

4. I consider however that a Second Accounts Clerk should be temporarily sent here. I find that the Schedule of Establishment Charges, regarding which the Examiner has sent several urgent letters has had to lie unattended to as there is nobody who can take it up. For this work alone the Services of a Special Accounts Clerk are required for at least 2 months, and I request that you will obtain Sanction for this.

No. 1952 D 27-8-98.

Forwarded to the Chief Engineer, P. W. D. in continuation of this Office No. 1578 W dated 30th July 1898.

2. The Bellary Division will never emerge from the State of Chaos, that it must have been in, when Mr. Clerk took Charge, unless prompt assistance is given to the Office.

3. The undersigned cannot too strongly urge that an experienced accountant and one accounts clerk, or two accounts clerks, should be posted to the Division without delay.

4. The cost of this Establishment will be a trifle Compared to the loss that must result —

from the confusion that is now the chief cause for the delay in clearing off arrears.

5. With the risk of relief works becoming necessary, it is imperative that the Bellary Division Office should be put in order without delay; and though the Executive Engineer, and the Accountant, and the Office Establishment generally, are doing their best, no real progress can be made in putting things straight until the assistance asked for is given.
