READ—the following papers:—

From W. C. DEMORGAN, Esq., M.I.C.E., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Waltair, 6th August 1898, No 1006 G.D.

I have the honour to state that in the Government workshops, Dowlaishweram, Godávari Eastern division, a maistry of the name of C. Andayya, on a pay of Rs. 55 per month, retired in December last, and another man named K. Pedda Abbayi was appointed in his place.

2. The pay of the new man has been fixed at Rs. 35 per mensem, as it is usual in the workshops not to give the full pay of the appointment at first. An increased salary of Rs. 40 will be recommended to him after four or five years' service if he continues to discharge his duties satisfactorily.

3. A statement in the prescribed form showing the proposed change is herewith submitted, with the request that sanction of Government may be obtained to it.

4. The statement contains another proposal, viz, to abolish one of the two existing clerks' posts, 4th class, 3rd grade, pay Rs. 20 to 30, in the workshops, and to create instead a clerk's post, 4th class, 2nd grade, pay Rs. 30 to 40. This proposal is made in order to promote to the next higher grade the present assistant storekeeper (in the workshops) who is a clerk, 4th class, 3rd grade, and who is drawing the maximum pay (Rs. 30) of his grade for the last five years; he has been favourably reported on. His promotion to the next higher grade (clerk, 4th class, 2nd grade) now proposed does not give him any immediate benefit, but he gets only an increment of Rs. 2 after a lapse of a year, if the proposal is sanctioned, and rises to the maximum pay in five years. There will be, moreover, a saving of Rs. 10 a month by the two changes proposed.

Office-note from the Examiner, Public Works Accounts, dated Madras, 31st August 1898, No. 3010 B./E.

[Your office-note, No. 3681 C., dated 23rd August 1898.]

The column "as per present scale" has been duly verified with the following result:—

The entry of one detached officer's clerk, 4th class, 3rd grade, should not be shown under workshop establishment as the scale does not provide for it.

The omission of one foundry maistry on Rs. 35 (now vacant) has been filled in by this office.

I would also point out that the Government orders ending with G.O., No. 664 W., dated 22nd February 1896, sanctioning the entertainment of the present establishment should have been quoted by the Executive Engineer in the authority column, and not the budget estimate, as the latter is only an authorized programme of expenditure proposed on duly sanctioned objects.

ORDER—No. 2362 W., dated 12th September 1898.

The revised scale of establishment proposed for the Dowlaishweram workshops in the Gódávari Eastern division, as detailed in the proposition statement submitted by the Superintending Engineer, with his letter recorded above, is sanctioned with the following remarks:—

(*a*) The foundry maistry's post, on Rs. 35 per mensem, which has not been filled up, is abolished, the services of the maistry not being required in the shops.

(*b*) The entry of one detached officer's clerk, 4th class, 3rd grade, shown under workshop establishment, is incorrect and has been expunged from the statement.

2. Attention is drawn to the corrections and omissions pointed out by the Examiner.

3. The sanction accorded in paragraph 1 has been registered as Provincial No. 66 W. of 1898–99, and classified as Establishment—Permanent.

2. In his letter printed with G.G No 664 W. dated 22nd February 1896, the S.E reported that the Foundry maistry on Rs 35 had been appointed delta superintendent Sub pro tem, and that the post might be abolished as soon as a permanent footing could be found for the man. The Examiner notices that the S.E. has omitted to enter in the present scale the Foundry maistrys post which is vacant. The post has not been formally abolished and it is proposed to do so now.
