ORDER. No: 2366 Wd/13.9.98

The proposition statement, submitted by the Suptg Engineer with his letter No 131 W. dated 25th February 1898, is sanctioned with the exception of the three lascars required for Upper Subordinates.

2 Under G.Os Nos 537 W and 3707 W. dated 16th February and 23rd November 1888, respectively, the Superintending Engineer is empowered to appoint temporary clerks and lascars for employment under Upper Subordinates for whom no supernumerary hands are available.

3 Attention is drawn to para 2 of the Examiner's Office note read above.

4 The sanction accorded in para 1 has been registered as Provincial No 68 W of 1898-99. and classified as Establishment. Temporary.

P.T.C for note

[P.W. 4. / 500—17-6-98.]

Note. The S.E. V circle submits a proposition statement for sanction to the entertainment of the following temporary establishment in the Chingle-
ut division during 1898-99:-

a) 3 lascars required for 3 Upper Subordinates

b) 2 assistant clerks on Rs 15 each for the northern and southern sub divisions of the Buckingham Canal.

c) A man on a rupee per mensem for supplying water to members of the division office

Item (a). The S.E has power to appoint temporary clerks and lascars for employment under Upper Subordinates, *vide* G.Os Nos. 537W and 3707W, dated 16th February and 23rd November 1888 respectively. Sanction of Government to the entertainment of the peons is, therefore, unnecessary.

Item (b). The assistant clerks for the 2 sub divisions were sanctioned, but not employed in 1897-98, as the offices were located in the same building with the late Buckingham Canal division office. After the amalgamation of the Buckingham Canal with the Chingleput division, the head quarters of the northern sub division ~~is~~ was transferred to Nellore and that of the southern to the Basin. The S.E reports that plans and estimates amounting to Rs 1.00.000 have been submitted to the Chief Engr for Irrigation, and that the extra clerks are just as necessary as in previous years.

Item (c) calls for no remark.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing *sanctioned* scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

Forwarded to W with the requisite certificate.

2. One man for cleaning office and supplying water on Rs.2 should not have been entered in column "Present scale" as the appointment was not sanctioned in G.O.No.1692 W dated 25th. June 1897.

3. It is, however, pointed out that, owing to the amalgamation of Buckingham Canal Division with the Chingleput Division 3 peons (2 permanent and I temporary) have been rendered supernumerary after providing 3 permanent peons for 3 temporary upper subordinates. Under the circumstances the application for 3 additional peons on Rs.6 each per mensem entered in column "Proposed scale" appears hardly necessary.

Copy of a letter from J. S. Paul Esquire, Executive Engineer, Chingleput Division, to the Supdg. Engineer, 1 Circle, No. 1752 S.E. dated 2 August 1898:—

With reference to your endorsement No. 168 C dated 24 March 1898, I have the honour to infor you that there are 36 peons in this Division including 3 temporary but the proposition statement returned with your endorsement 368 C.W. dated 28 June 1898 (G.O. No. 1400 W. dated 3 June 1898), provides 5 peons for the Division Office and 4 peons for each of the 5 Sub Divisions; thus it will be seen that there are only 11 peons to be provided for, and there are 11 detached officers and Subordinates working in this Division as per enclosed list. It is therefore pointed out that there are no peons extra or supernumerary in this Division.
