Note. In the Service book of K. Sundraramiah Pantulu, Store-keeper, P.W. Stores, the original entry, as regards age, was "not known." This was afterwards

afterwards struck out, and "1st April 1845" inserted instead. The Correction is initialled by the Store-Keeper himself, and he explains that as the entry "not known" was not accepted, he inserted "1st April 1845" as the nearest approximate age.

The General Superintendent P.W. Stores wants authority to accept the date 1st April 1845.

The Correction is evidently very old and was probably made about the time the Service book was first opened.

× No there is no particular evidence of its age, but the entry '28 years' is certainly older. W.H.

The book was opened on 1st April 1873, and the man's age was then given as 28 years. This would make 1st April 1845 as nearly as possible the date of birth.

G.O. No 727 Pension, dated 13-7-86, rules that when there is any doubt regarding the date of birth of an applicant for pension, the date given in the Service book is invariably taken as correct.

Not in the file 23-12-98

Later orders (G.O. No 1013 Pension of 26-10-96) say that when the year of birth is known but not the exact date, the 1st July shall be treated as the date of birth.

The entry in the Store-Keeper's Service book was, however, made long before the date of the last mentioned order, and the 1st April 1845 may be accepted under G.O. No 727 Pension of 13-7-86.

Not in the file

The General Superintendent P.W. Stores should now attest the Correction, so that there will be no further question when the man comes to apply for pension.

The Superintending Engineer has twice sent up the same letter from the General Superintendent for orders.

Letter from H. A. Moss Esqr., general superintendent, C. W. Stores, to the Supg Engineer 5 Circle, No 838 dated 1st July 1898

On examination of the Chief Store Keeper's Service Book it has been discovered that his age was first entered as "not known". This entry was afterwards struck out and the date 1st April 1845 entered instead. The correction is initialled by the Chief Storekeeper himself. He says this correction was made because the entry "not known" was not accepted when the Service Book was prepared and it had to be altered to the correct date as near as he could ascertain it. He says also that the date 1st April 1845, must be very nearly correct. The correction is very old and evidently made at about the time that the Service Book was first filled in.

The Service Book has only been once attested and that was by Mr Wickham in 1893. He apparently did not note the correction.

I have the honour to request orders in regard to this correction and would draw your attention to G.O. 862 W. dated 15 March 1888 and to Section 4 Part III of the rules regarding Service Books, issued by the Accountant General.
