ORDER.

No 2416 W 19.9.28

Mr. W. Hutton, asst. Engineer, will be posted to the Presidency P. W. Stores and Workshop division to take stock of the Presidency stores.

2. His Excy. the Governor in Council approves the suggestion of the Super-Eng. V Circle, that an asst. Eng. should be posted permanently to the division to take charge of the stores and to instruct himself in Workshop practice - Mr. Hutton will accordingly remain attached to the division on completion of stock-taking.

Dear Mr. Russell
Please inform
the Chief Engineer
that nothing would
please me better
than to go to
the machine workshop
as I have a
special liking for
workshop work and
have always desired
to go there. I hope

FURTHER PAPERS.

Copy of a letter from H. A. Moser to General
Superintendent, P. W. Stokes, to the Superintending
Engineer & Clerk. N^o 125 S&V dated 15 August 1898:-

I have the honour to request that you will be so good as to depute some gazetted officer to take stock of the Presidency Stores this year, I find I cannot spare the time to do so.

N 542 P.

To the Chief Engineer, P.W. Department
With the large increase of work in the Shops
it is quite impossible for Mr. Moss to take
stock and I would ask that an Assistant Engineer
or 3rd grade Executive Engineer may be deputed for
the purpose

2. In this connection it is highly desirable that an Assistant Engineer should be posted permanently to the Shops to take charge of the Store Division. who would at the same time learn what is to be learnt in the Shops so that he may take the place of the Superintendent whenever necessary. The officer should be one with some taste for mechanical engineering. I would suggest Mr. Stutton at present on leave.
