 Sir,
 In reply to your letter
 No. S. 7082, dated 15 July
 1898, you directed to state,
 with regard to the demand
 for Ash wood, that 10
 inches was a clerical error
 for 10 feet. in the indent
 2. In caption "Larger
 pieces preferred" in the
 indent means that the Ash wood
 dimensions quoted are
 approximate & that if it is not con-
 venient to send out pieces
 of exactly those dimensions,
 they should preferably
 be larger rather than
 smaller in every way. 1898. 822/7/98
 They may be longer in

15th July 1898.

Sir,

Sir,
Referring to your Indent No. 1 dated 9th March 1898,
item 76, on page 4, the following demand is made:-
in pieces of at least 10" long and 4

"Ash wood to be in pieces of at least 10" long, and 4"x4" section, larger pieces preferred. Pieces 25."

4" section, larger pieces
I have the honour to observe that the demand appears
indefinite, and that no estimate of cost is given, to
assist in deciding what is required. "Larger" pieces may
mean longer only, or it may mean that a section larger
than 4" x 4" is preferred. It also seems not improbable
that 10" is a clerical error for 10 feet.

I shall be obliged by your informing me what size the indenting officer requires, and pending the receipt of a reply, the supply of this item must necessarily be suspended.

I have the honour to be, Sir,

"Larger pieces preferred" means that the dimensions quoted are approximate and if it is not convenient to send pieces of exactly these dimensions it is preferable that they should be larger rather than smaller in every way. They may be a little larger in section as well as length.
