SEPTEMBER.

District Munsif's Court-house at Udamalpet

Estimate of Rs. 19,770 for constructing a — in the Coimbatore district, sanctioned for execution when funds are available ; and the Superintending Engineer directed to submit, later on, proposals for otherwise utilizing the present court-house building.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From the Superintending Engineer, IV Circle, dated 14th February 1897, No. 80/M.
 " " " IV " " 5th March 1897, No. 122 W.

Memorandum from the Judicial Department, dated 5th April 1897, No. 815.

Read—letter from the Registrar of the High Court, Madras, dated 4th March 1897, No. 210.

With reference to G.O., No. 2419, Judicial, dated 23rd November 1895, I am directed to forward herewith plans and estimates, amounting to Rs. 19,000 (with covering letter No. 24/M., dated 18th January 1897, from the Superintending Engineer, IV Circle) for the construction of a District Munsif's court with a terraced roof on the revised type design at Udamalpet, in the Coimbatore district, and to request that His Excellency the Governor in Council will be pleased to sanction the same and issue orders to the Public Works Department for the execution of the work at an early date. Two site plans are enclosed. The second raises the amount of compensation for land from Rs. 400 to Rs. 1,400.

No. 815, Judicial.

Referred to the Public Works Department, with the request that information may be afforded on the following points :—

- (i) How it is proposed to utilize the present court-house and site, if a new building is constructed, and what amount they will fetch if they are sold by auction;
- (ii) Whether it is necessary to acquire such an extensive piece of land as that now proposed to be taken up for the construction of the new court-house and whether it will not be sufficient if only a portion of it is acquired;
- (iii) Whether it is necessary to build a separate latrine, ryots' shed and cattle-latrines and a ryots' shed in the adjoining taluk cutcherry compound, which can be used by persons attending the Munsif's court; and
- (iv) Whether the proposed wire fencing cannot with advantage be dispensed with and a live hedge planted round the compound of the District Munsif's court.

FORT ST. GEORGE,
5th April 1897.

(Signed) W. FRANCIS,
for Chief Secretary.

From the Superintending Engineer, IV Circle, dated 7th July 1897, No. 374 W.

In returning your endorsement, No. 2147 C., dated 13th April 1897, together with its enclosures, I have the honour to report as follows on the various points noticed in the Judicial Department memo., No. 815, dated 5th April 1897, regarding the District Munsif's court-house at Udamalpet.

2. Point (i).—The Collector of Coimbatore states that the present court-house building and site at Udamalpet may be utilized for the Post and Telegraph office in case a new building is constructed for the court, as the present rented building used

as Post office is unsafe and no suitable building is available for rent in the place, and that the present court-house with its compound, if sold in auction, is likely to fetch Rs. 3,500 or Rs. 4,000. He also states that the court building might be used as a school by the Local Fund department.

3. Point (ii).—It was first proposed by the Executive Engineer to take up only a portion of field No. 245 F., as shown on the site tracing originally prepared. This was approved of by the Collector, and a sum of Rs. 400 for compensation, as settled by him, was allowed in the estimate. But on the representation of the landowner that he is not willing to part with a portion of field No. 245 F., and retain the other part which has a well on it on the ground that the area of the part left him would be too small to irrigate profitably from the well, the Collector agreed to acquire the whole field with well for Rs. 1,400. It was therefore necessary to submit a fresh site plan and request you to increase the amount of compensation allowed in the estimate from Rs. 400 to Rs. 1,400 (*vide* this office endorsement, No. 80/M., dated 14th February 1897, on a letter addressed to the District Judge).

4. Point (iii).—The correct position of the court and out-houses as finally approved by the District Judge was shown in the tracing forwarded with this office No. 122 W. of 5th March 1897, with a request that the same might be noted on the fresh site plan already submitted. I agree with the Executive Engineer in thinking that all the out-houses provided for in the estimate are necessary; but if it is thought advisable, the ryots' shed can be omitted for the present and added afterwards if found necessary. Latrines are never used if far from an office; and if a latrine is not erected, the compound is sure to be fouled.

5. Point (iv).—I do not know of any public compound which is effectively protected by a live hedge.

Memorandum from the Judicial Department, dated 19th July 1897.

G.O., No. 1461, Judicial, dated 7th October 1897.

Read—the following papers :—

From the Registrar of the High Court, Madras, dated 4th March 1897, Ref. on Cur. No. 210.

Memorandum from the Public Works Department, No. 1372 D., dated 15th September 1897.

ABSTRACT.—Forwarding letter from the Superintending Engineer, IV Circle, No. 374 W., dated 7th July 1897.

Order—No. 1461, Judicial, dated 7th October 1897.

The plans and estimates received with the first of the foregoing papers require modification, with reference to the revised type designs approved in G.O., No. 748 W., dated 15th March 1897.

2. The ryots' shed and the pound for distrained cattle should be omitted for the present. The existing latrines in the compound of the taluk office are situated sufficiently near to be used by persons attending the Munsif's court. A separate latrine is therefore unnecessary.

3. Subject to the alterations indicated above, the plans and estimates are approved and will be transferred to the Public Works Department where the Collector's suggestions in regard to the disposal of the present court-house will be considered.

(True Extract.)

(Signed) F. J. WILSON,
for Chief Secretary.

From the Superintending Engineer, IV Circle, dated 24th June 1898, No. 333 W.

Note by the Chief Engineer, Public Works Department.

Malabar timber should be used for teak everywhere if obtainable in a seasoned condition.

2. A live hedge—not aloes—should be planted round the wire fence to eventually take its place.

12th September 1898.

(Signed) W. B. DEWINTON,
Chief Engineer.

ORDER—No. 2435 W., dated 20th September 1898.

The estimate, amounting to Rs. 19,770, for constructing a District Munsif's court-house at Udamalpet in the Coimbatore district, is sanctioned for execution when funds are available.

2. In his letter No. 374 W., dated 7th July 1897, the Superintending Engineer reported that, in the opinion of the Collector, the present court-house building might be utilized for the Post and Telegraph office, or that it might be used as a school by the Local Fund department. Definite proposals should be submitted by the Superintending Engineer, in communication with the Collector, when the new court-house is approaching completion.

3. The sanction accorded in paragraph 1 has been registered as Provincial No. 66 W. of 1898-99, and classified as Civil Buildings—Original Works.

Foundations	4½ deep of which Concrete in chunam 4 below 6 of Brick in chunam as per standard plan
Basement	Brick in mortar 1½ broad & 2 deep
Walls	Brick in mortar 1½ broad with depths varying from 12 to 18

P. W. 58
250-5-8-98.

Plastering or Pointing Plastering interior with 2 coats of Chunar & pointing exterior with tar and asphalt
 Flooring with Cuddapah slabs 2" thick on a bed of 4" of concrete & pointed with cement.

Roofing Terrace ~~Roofing~~

Doors and Windows of Teakwood as detailed in the estimate & painted 3 coats

Roof timbers of Teakwood also & painted with 3 coats of wood oil

Scantlings Correct as per standard estimate

Rates Fair - supported by data
Checked with the schedule of rates of the D.

The plinth area of the main building is 5411 square feet, and the cost per square foot will be Rs. 3-2

The plans and estimates have been countersigned by the District Judge of Coimbatore and already approved by the judicial Department with remarks. Vide No. 1461 of 7-10-97.

REMARKS.

On the representation by the H. Judge of Coimbatore thro the High Court, of the unsuitability of the existing Munsiff's Court house at Udamalpet, Government in their Order No. 3085 W of 2nd December 1895 directed the S.E. IV O to prepare and submit an estimate after the circulation of the revised standard design then under completion. Accordingly an estimate amounting to Rs 19100 for the construction of a H. Munsiff's Court house at Udamalpet (comprising the following works) based on the revised type design circulated with G.O. No. 179 W of 17th January 1896 was first received from S.E. IV vide S.E. letter

+ Net is without
cost of labour

Rate for brickwork, Rs 28.10-0 is high. Dist schedule gives Rs 12 for Coimbatore & Erode Sub. Divs. & Rs 28.4-0 for Nilgiri. Otherwise it is a blank.

Data for brickwork, & other descriptions of work priced higher than in the Dist Schedule, are given, & can be accepted.

Malabar timber might be tried instead of Teak, but I did say it is somewhat risky to try it. I hear, on all sides, that it is most difficult to get such timber seasoned, all the ^{available} seasoned timber being insufficient for the needs of the Malabar district. Two very bad failures of ^{Malabar} Brown timber have occurred, owing to the wood being

unseasoned, & to the length of time it takes to season

I do not understand this Mr Brown told me that he keeps his logs in water for 20 days before cutting them up, & this will suffice

128

Letter dated 18th January 1897 No. 24

Court House	Rs 15,710
Ryots shed	920
Cattle shed	1100
Latrine	630
Wire fencing the Compound & forming road	740
Total	19,100

To the above a further sum of Rs 1000 was req^d to be added under the head Land Compensation (Vide S.E. No. 80 of 14-2-97) owing to extra land and well.

The judicial Department, before approving of the estimate, in memorandum No. 815 of 5th April 1897 enquired the following points

- (1) As to the utility of the present Court House & site if a new building is constructed & the amount that they will fetch if sold by public auction.
- (2) As to the necessity to acquire more land than required.
- (3) As to the necessity of building a separate latrine, ryots shed and Cattle pound while in the adjoining Salug Catcherry Compound there are two latrines and a ryots shed which can be used by parties attending the Munsiff's Court
- (4) As to whether wire fence can be dispensed with and plant a live hedge.

With ref to the above the following have been issued as replies from S.E. IV O No. 374 W of 7-7-97

- (1) To utilize the Court house for Post & Telegraph office as the present rented building is unsafe & no suitable building is available for rent & if sold in auction would fetch Rs 3500 or Rs 4000.

- (2) More land had to be acquired as the land-owner refused to part with a portion of field.
- (3) To omit Ryots shed for the present and suggested the construction of latrine ^{see}.
- (4) To have a good fence instead of live hedge.

In forwarding a copy of the letter bearing the above replies to the Judicial Department the C.E. in his No. 1372 d. of 15-9-97 pointed out the unsuitability of live fence and the durability of wire fence.

The Judicial Department in No. 1461 of 7-10-97 finally decided to omit for the present Ryots shed, Cattle shed and latrine. Accordingly the present estimate of Rs 19,770 is submitted for the sanction of Govt.

The estimate which provides for everything has been checked and submitted for sanction.

No

the wire fence should be supplemented by a live fence. The objection of the B & R, that the latter has snakes, is somewhat fanciful, since half the compounds in the Presidency towns have nothing else.

This is of wire fence that has no snakes to a dangerous extent, & they should be prohibited everywhere.

NOTE BY TECHNICAL SECTION.

Name of work. District Munsif's Court at Udumalpet in the Coimbatore Dist.

With reference to para (IV) of Judicial Memo No. 815 dated 5th Apr. 1897 regarding the substitution of a live hedge for a wire fence round the compound of the Dist. Munsif's Court at Udumalpet in the Coimbatore Dist. I beg to submit that the planting of a live hedge has been objected to in the Rev. Dept. vide para 3 of Board's resolution dated 9th July 1892, No. 4203 in embodied in G.O. No. 2540 W dated 12th Sept. 1892 and resolution No. 3140 dated 25th May 1893, embodied in G.O. No. 1948 W dated 27th July 1893, as live hedges harbour snakes & other vermin.

I beg to suggest that a mud wall with tiled coping may be substituted for a wire fence as it is cheaper and a more efficient barrier than a wire fence though it is not so durable.

It was proposed to
erect this, but the
Jt. Dept. inquired
by office note, when
the draft was sent
for consideration,
whether a live hedge
could not be estab-
lished for the proposed
wall. If Jt. proposals
on the other side are
approved, a similar one
might be sent.

plan that the whole field and the well
are to be taken over as recommended by
the collector, instead of part of the field
without the well as originally proposed. This
will increase the amount of Compensation
for land from Rs 400 to Rs 1400.

I have &c

(Ed) J. Hannace,
Supg. Engineer, Circle.

Copy Submitted to the Chief Engineer,
P.W.D for information, with reference to this
office Endorsement No. $\frac{24}{M}$, of 18 January 1897,
with a request that he will be good enough
to make the necessary corrections in his
office in the items of Compensation for land
and wire fencing the Compound.

14th February 1897.

Hannace
Supg. Engineer, Circle.
