W has passed this order, apparently without noticing your marginal remark.

As the fact of officers having been thanked by Govt. for famine service in 1876-78 was not entered in the History of Services, W might perhaps be asked to modify the present Go.

The sentence "Subordinates" and "to officers concerned" might perhaps be omitted, & the last sentence might read "the fact will be entered in the detailed register in the Chief Engineer's office".
