B

DATED 3/1 March 1898

23/4/98

[Despatch Abstract.]

Paddle boat, Estimate of Rs. 750 for Con-
struction a - for use in Kistna & Northern
District sanctioned.

22/4/98

Hyd. 21/4/98

Indexed. 2/4

Estimate of Rs. 750 for constructing a — for use in Kistna Northern division, sanctioned.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following papers:—

From Captain W. M. ELLIS, R.E., Executive Engineer, Kistna Northern Division, to the Superintending Engineer, II Circle, dated 10th February 1898, No. 733 S.E.

I have the honour to submit, for favour of sanction, an estimate for another paddle boat similar but somewhat lighter than the one at present in use.

The estimate is classed under 49. Capital and proposed to be debited to the grant for constructing pinnaces for the Kistna delta, of which Rs. 600 has been reserved for the purpose. I commenced work in anticipation of sanction on 8th January 1898 in order to utilize the money available.

The construction of this pinnacle was made the subject of a verbal suggestion to Major Baddeley, R.E., early in the official year, and was approved by him, but no further action was taken, as money was withdrawn owing to famine requirements and was only replaced at my disposal at Christmas time. Under the circumstances, I trust that my action will meet with your approval.

ENCLOSURE.

REPORT to estimate—"Constructing a light paddle boat, Kistna."

The boat is of the type, which has been in use for many years for ferrying Government employes across the river above the anicut, for towing staff boats and punts and for general miscellaneous work. The want of a second boat of this nature has been felt for some time and especially since the traffic in building material across the river has been increased by the closing of the Seetanagram quarry.

No. 841 K.N.

Forwarded to the Chief Engineer for Irrigation for favour of sanction of Government being obtained to the estimate amounting to Rs. 750 for constructing a paddle boat for the use of the Kistna delta.

2. The amount of the estimate may be met from the balance of provision for tools and plant, Kistna delta system.

23rd March 1898.

(Signed) J. S. WILSON,
for Suptg. Engineer, II Circle.

No. 135 I.

Note by the Chief Engineer for Irrigation.

The accompanying estimate for Rs. 750 submitted by the Superintending Engineer, II Circle, provides for the construction of a paddle boat required for use in the Kistna delta system.

The estimate may be sanctioned.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

13th April 1898.
