Travellers' Bungalow at Kudligi

The re-transfer of the —, Bellary district, to the Public Works Department, sanctioned, with remark.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

From E. A. ELWIN, Esq., Collector and President, District Board, Bellary, to the Secretary to Government, Local and Municipal Department, dated 17th August 1898, No. 991 C.R.

I have the honour to report that the building at Kudligi used now as a travellers' bungalow was originally a tools-shed in charge of the Public Works Department, and its transfer free of charge to the Hospet Taluk Board for conversion into a travellers' bungalow was ordered by Government in its order No. 900 W., dated 18th March 1892.

2. In June last the Executive Engineer, Bellary division, reported to me that the building was in need of thorough repairs to render it habitable, and suggested that in the event of the Taluk Board not being able to execute the necessary repairs at an early date, it may be re-transferred to the Public Works Department for being put in order.

3. The President of the Hospet Taluk Board on being consulted in the matter, reported that his Taluk Board would willingly hand over the building to the Public Works Department as he considered that it was in such a state that trifling repairs seemed only money thrown away and that under the poor state of its finances the Taluk Board would not probably for years be able to spare enough to put it in thorough order.

4. At its meeting held on the 13th instant, the District Board discussed the subject and passed a resolution to the effect that there was no objection to re-transfer the building to the Public Works Department, provided that that department makes the building, while under its charge, available as a rest-house for officers of other departments similar to a Local Fund rest-house.

5. I submit herewith a copy of this Board's resolution and request that you will be good enough to obtain the sanction of Government to the proposed re-transfer of the building subject to the conditions mentioned in the resolution.

No. 993, Local and Municipal.

Referred to the Public Works Department for favour of remarks.

(Signed) A. EDGINGTON,
2nd September 1898. Acting Assistant Secretary.

No. 3983 C.

Referred to the Superintending Engineer, III Circle, for favour of explanation as to what use the building will be to the Public Works Department, and for remarks on the condition proposed in paragraph 4 of the President's letter.

(Signed) A. S. RUSSELL,
12th September 1898. Under Secretary to Govt.

From H. E. CLERK, Esq., Executive Engineer, Bellary Division, to the Superintending Engineer, III Circle, dated 20th September 1898, No. 7047.

With reference to your No. 2238, dated 14th instant, I have the honour to report that the tools-shed at Kudligi which was under the charge of this department until 1892 was handed over to the Local Fund Board for conversion into a travellers' bungalow (*vide* G.O., No. 900 W., dated 18th March 1892). I cannot quite make out why it was handed over. It was apparently considered that a Public Works Department rest-house in the neighbourhood of Kudligi was unnecessary and this may, in some measure, account for the neglected state of the numerous tanks in that part of the country.

2. The building, although in very bad order, is by no means past repair, and I consider that a fairly comfortable bungalow can be made out of it at comparatively small expenditure.

3. Kudligi is a most convenient centre for inspection of the numerous tanks in the vicinity. The bungalow will also be very useful for other officers, notably those of the Forest Department. It would, of course, be available for use by all District officers under the rules obtaining for other Public Works inspection bungalows. I request that the sanction of Government for taking it over may be obtained.

No. 2335 W.

Communicated to the Chief Engineer, Public Works Department, for information with reference to his endorsement, No. 3983 C., dated 12th September 1898.

Under the circumstances explained by the Executive Engineer, the undersigned recommends the transfer of the building.

(Signed) W. L. C. BADDELEY, Lieut.-Col., R.E.,
22nd September 1898. Superintending Engineer, III Circle.

No. 4362 C.

Forwarded to the Local and Municipal Department with reference to its endorsement No. 993, dated 2nd September 1898, herewith returned.

2. The re-transfer of the building to the Public Works Department is recommended, and if the papers be returned to this department, the necessary orders will be issued.

(Signed) W. B. deWINTON,
5th October 1898. Secretary to Government.

From the Local and Municipal Department, dated 18th October 1898, No. 1190.

Order—No. 2858 W., dated 11th November 1898.

The re-transfer of the travellers' bungalow at Kudligi, Bellary district, to the Public Works Department, is sanctioned.

2. The building will be available for use by officers of other departments under the rules obtaining for other Public Works inspection bungalows.

SIR,

I have the honour to report that the building at Kudligi used now as a Travellers' Bungalow was originally a toolshed in charge of the Public Works Department, and its transfer free of charge to the Hospet Taluk Board for conversion into a Travellers' Bungalow was ordered by Government in its order No. 900 W.
