Order

The Govt. sanctions the loan of the old Taluq catcherry at Gooty to the Revd. F. L. Marler for use as a school on the following conditions:—

- that the building shall be kept by Mr. Marler in ^{as} good repair to the satisfaction of the ~~Ex. Engineer~~ as it now is
- that no structural alterations shall be made, or fixtures removed, without the approval of the Executive Engineer being first obtained.
- that if the building is at any time required by Govt., it shall be handed back on a month's notice being given.

<p><u>Note.</u> The old talug cut = = cherry at Gooty is vacant, and is not required for any Gort. dept. The Revd. Mr. Marler, of the London Missionary Socy, wishes to engage the building for use as a school, & is willing to pay the rent; Rob, if it is put into repair. But as he may not require the place for more than a year, and as it would cost a considerable sum to repair it thoroughly, it is proposed to let him have the place free of rent on the con- dition, that he keeps it in ^{as it is} good repair; that he makes no alterations without first getting the appro- val of the Exec. Engineer; & that he hands it back to Gort. if it is at any time required.</p> <p>It is thought that a month's notice should be given if the building is wanted by Gort. and as this is only reasonable.</p> <p>There is no objection to letting Mr. Marler have the building on the conditions mentioned, & ^{this course} is in acor- dance with the code <u>vide</u> Vol I chap. Copy of letter from Reverend Mr. Marler,
Gooty to the Executive Engineer Bellary Division
No. dated 22-9-98.

In reply to your 7036 20 September 1898, I
was about to write to you suggesting that the old
Lutcherry might be given to me free of rent on the
condition of my keeping it in repair. I shall be
obliged by your informing me of the conditions likely
to be imposed in the event of my being allowed to occupy
it on the terms you mention.

At present, the roofing is considerably dilapidated,
the flooring broken and the building suffering generally
from disuse. I presume that when handing back the
building I should not be expected to put it into
better repair than when receiving it. It is probable
that I shall require the building for at least one
year and possibly may be glad to occupy it perma-
nently, but it would be more satisfactory in every
way if the building were in my own hands so that
repairs could be executed whenever necessary without
the delay of corresponding with your office.

I shall therefore be glad if you will kindly
recommend Government to allow me the use of

the building rent free, I undertaking to
keep it in reasonable repair.

An early reply will oblige.

Copy of letter from H. E. Clerk, Exec. Engineer
Bellary Division, No. 7333 dated 3rd October 1898 to the
Superintending Engineer, III Circle, Bellary.

In continuation of this Office No. 5808 dated 3rd
August 1898, I have the honour to report that none of
the Officers of Anantapur District require the old Salay
Lutcherry at Gooty.

2. The Reverend F. L. Marler would like to
occupy the building as a School and expressed himself
willing to pay the rent (Rs. 6 per mensem) which this
Department would demand. He asked however that
the building should be put into repair. The cost of
repairing it thoroughly would be considerable, and
as it was reported that Mr. Marler would probably
not require the building for very long, I suggested
to him that the best plan would be for him to carry
out the necessary repairs himself if Government would
consent to his occupying the building rent free. A
copy of his reply is enclosed.

I recommend that the old Salay Lutcherry
at Gooty be handed over to Mr. Marler on the
following terms.

(a) That he must vacate it at once if it should
be required by Government.

(c) That no structural alterations shall be made, or fixtures removed without the approval of this Department being first obtained.

(c) That no structural alterations shall be made, or structural repairs without the approval of the Department being first obtained. The officers of Amalgam District require the old Saly Lutchy at Gooty.

2. The Reverend F. L. Mearns would like to
occupy the building at the University of
the University of the South (the University of the South)
and the building should be put into repair. The cost of
repairing it thoroughly would be considerable, and
as it was reported that the University of the South
did not require the building for very long, it was
to him that the best plan would be for him to
out the necessary repairs himself if Government
consent to his occupying the building rent free.
A copy of his reply is enclosed.

I recommend that the old Saly Centre
at Gusty be handed over to the Marler on
following terms:

There appears to be no objection to Government authorizing the transfer of the Building (Code I.X.27 note, Standing Order 27I of 1898) under conditions somewhat similar to those laid down in G.O. No. 2562 W dated 11. September 1897.
