Sir,

In the annual Public Works Indent No. 1 dated 9th
March 1898, item 679, is a demand for 4 tons of black lead
powder estimated to cost £24.

As the price of this powder has risen to £17. 10/-
per ton only two tons have been ordered for the present,
which with the cost of casks packing and delivery (£2. 10)
will make the total cost of two tons £37. 10/-.

In view of the high price of the powder I shall be
obliged by your informing me whether the balance of two
tons, should be supplied.

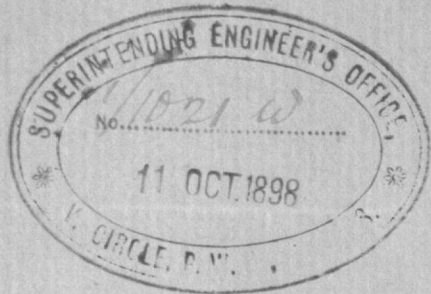

I have the honour to be, Sir,

Your obedient Servant,
