I have the honour to request that you will kindly make a reference to the Director General of Stores regarding the undermentioned goods which were not delivered. As the packages were received intact the suppliers are I think responsible for the contents and should supply the deficiencies, free of cost. No action has apparently been taken by the Director General of Stores on the remarks made in the packing accounts returned to him and as these items have been long outstanding in my accounts, a reference to him seems necessary.

 taken.
