OFFICE OF THE BOARD OF REVENUE
(LAND REVENUE),

Madras, 12th August 1898 189

READ— letter from F.C.Parsons Esq,Ag. Collector of Malabar,Ref.on Cur.NO.1574 of 1898,dated 21st July 1898,requesting [Board] to obtain the sanction of Government for the construction of a compound wall for the Sub-Collector's office at Tellicherry.

Reference No. 896 dated 12th August 1898.

In its order 2067 W,dated 16th July 1896 Government in the Public Works Department sanctioned an estimate of Rs.17,440 for constructing a Sub-Collector's office at Tellicherry,Malabar District.After the completion of the building the Sub-Collector brought to the notice of the Collector that a compound wall was also necessary in order to make the building more secure and to prevent cattle from straying into the office premises which are within a few yards of one of the main streets in Tellicherry on one side and of a public common on another.He also pointed out that there was a saving of Rs.500 in the estimate for the buildings,from which the cost of the wall could be met.On a requisition made by the Collector the Executive Engineer prepared an estimate for the construction of a wall at a cost of Rs.580 but the Superintending Engineer has taken exception to it on the ground that Government sanction is required.The Collector accordingly requests that the necessary sanction may be accorded for the execution of the work at an early date.The Board supports the Collector's proposals.
