PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from H. D. TAYLOR, Esq., Acting Collector of Ganjām, to the Secretary to the Commissioner of Revenue Settlement and Director of Department of Land Records and Agriculture, dated Chatrapur, 6th April 1898, Ref. Pl. No. 31-Ver. :—

I have the honour to submit herewith programme of famine relief works for the year 1898-99 together with an abstract statement in the form prescribed. A printed copy of the programme will follow.

2. Statement B showing the irrigation works in and out of repairs is under preparation and will be submitted shortly.

READ—the following letter from H. D. TAYLOR, Esq., Acting Collector of Ganjám, to the Secretary to the Commissioner of Revenue Settlement and Director of Department of Land Records and Agriculture, dated Camp, Hingili, 1st May 1898, R. Pl. No. 31-Ver. :—

In continuation of my letter, R. Pl. No. 31-Ver. of 1898, dated 6th instant, I have the honour to submit herewith B statement of programme of famine relief works for the year 1898-99 as therein promised.

READ—the following letter from H. D. TAYLOR, Esq., Acting Collector of Ganjam, to the Secretary to the Commissioner of Revenue Settlement and Director of Department of Land Records and Agriculture, dated Camp, Russellkonda, 10th August 1898, Dis. No. 220-Ver. :—

In continuation of letter, R. Pl. No. 31-Ver. of 18th May 1898, I have the honour to submit herewith a printed copy of the programme of famine relief works for the year 1898-99.

2. Tank works Nos. 4 and 5 (under IV, Miscellaneous Works) in Ichchápúr Taluk have been added to the programme already submitted to the Board. This addition is due to the late receipt of proposals from the President, Taluk Board, Berhampur, after the original programme was closed.

RESOLUTION—No. 368, dated 1st October 1898.

The abstract of the programme of famine relief works for 1898-99 received from the Collector of Ganjam will, as amended by the Board, be submitted for the information of Government.

2. Provision has been made in the programme both for the non-Agency and the Agency tracts of the district. The works proposed in the former section are shown in the table below, classified under the main heads with the sums provided for them entered in lakhs of rupees :—

Classes of works.						Large works.		Small works.	Total.
						Sanctioned.	Not sanctioned.		
Irrigation works	..	{	New (20 works)	..	..	3-22	3-06	0-32	6-60
			Repairs	..	..	..	0-08	3-03	3-11
Roads	..	{	New (187 miles)	..	..	..	5-07	0-78	5-85
			Repairs	..	..	..	13-92	0-86	14-78
Miscellaneous works..	..	{	Drinking-water supply	..	..	..	..	0-88	0-88
			Others	..	..	..	..	1-01	1-01
			Land improvement loan works	..	..	..	..	0-07	0-07
Total ..						3-22	22-13	6-95	32-30

Nearly two-thirds of the provision is for road works and the remainder includes about ten lakhs for irrigation and two lakhs for miscellaneous works. The provision under road works consists chiefly of road repairs including the collection of metal at quarries. The provision for the repair of irrigation works is comparatively small and might be enlarged by providing for the repair of all the works that are said to be in need of repair. Of the large sanctioned irrigation works (3), two are proposed in the Parlákimedi zamindari, which are estimated to cost 3·04 lakhs. Altogether eleven large irrigation works have been brought on the programme. They are shown in the subjoined statement; of these, works Nos. 2, 10 and 11 have been sanctioned; the estimate for No. 7 is ready, while, for the others, no estimates have been prepared. The Chief Engineer is requested to inform the Board whether the first nine works in the list can be relied on as available relief works.

	11. Excavating a river channel from Palasingi up to the Parlākīmedi Rānasagaram tank	2,35,137	2,35,137

3. The Collector should report whether, in case of the road works shown in the programme, the instructions conveyed in paragraph 4 of G.O., No. 604, Revenue, dated 21st July 1897, regarding the exclusion from the estimates of the amounts provided for cartage, have been observed, and whether, in the case of other works, the amounts shown against them are exclusive of the cost of those portions needing skilled labour. It is observed that the inclusion in the programme of *miscellaneous* works Nos. 6 to 9 in Berhampur and of 5 and 6 in Chicacole is contrary to rule (9) printed on page 40 of the Famine Code.

4. The Board in the Separate Revenue Department will be requested to state whether the works noted in the margin can be depended upon as being available as famine relief works in the event of an emergency.

Deepening and widening the channels in the Nau-pada salt factory	8,000

5. The works referred to in the foregoing paragraphs are calculated to be sufficient to provide employment for three months for 27 per cent. of the population in the non-Agency tracts. Estimates are stated to be ready for works costing about two-thirds of the whole. The provision may be considered adequate; but it is observed that "sanctioned" works on the programme are very few and fall short of the requirements of the Famine Code. The attention of the Collector will be drawn to the note under section 11 of the Code. He should, in communication with the Public Works Department and the President, District Board, see that as many as possible of the large works are brought on the sanctioned list at an early date.

6. The works proposed for the Agency tracts consist of 46 new roads and 47 works for the improvement of the drinking-water supply. They are estimated to be enough to afford employment for three months to 37 per cent. of the population of the tracts concerned. The works have not yet been sanctioned, but estimates are said to have been prepared for nearly half the total estimated cost.

7. The Collector's programme calls for the following further remarks:—

Statement I.—(1) The classification of works as large and small given is incorrect. The Collector's attention is drawn to section 59 of the Famine Code.

(2) The lengths of the three new roads in Surāda; of the one small road in Sompéta; and of five small roads in the Agency portion of the latter division have not been given either in statement I or in statement III. The omission should be supplied.

Statement II.—(1) The arrangement of the taluks and divisions in this statement is not the same as in the two other statements. The geographical arrangement should be uniformly followed.

(2) The provision for the repairs of irrigation works shown in this statement differs from that entered in column 10 of statement III. The variations as regards both the number of the sources and of the sums provided are shown below and require explanation:—

In continuation of my letter, R. Pl. No. 31-Ver. of 1898, dated 6th instant, I have the honour to submit herewith B statement of programme of famine relief works for the year 1898-99 as therein promised.

READ—the following letter from H. D. TAYLOR, Esq., Acting Collector of Ganjam, to the Secretary to the Commissioner of Revenue Settlement and Director of Department of Land Records and Agriculture, dated Camp, Russellkonda, 10th August 1898, Dis. No. 220-Ver. :—

In continuation of letter, R. Pl. No. 31-Ver. of 18th May 1898, I have the honour to submit herewith a printed copy of the programme of famine relief works for the year 1898-99.

2. Tank works Nos. 4 and 5 (under IV, Miscellaneous Works) in Ichchapur Taluk have been added to the programme already submitted to the Board. This addition is due to the late receipt of proposals from the President, Taluk Board, Berhampur, after the original programme was closed.

RESOLUTION—No. 368, dated 1st October 1898.

The abstract of the programme of famine relief works for 1898-99 received from the Collector of Ganjam will, as amended by the Board, be submitted for the information of Government.

Statement III.—(1) The figure 14,600, entered in column 16 against the six small works in Chicacole, is apparently a mistake for 14,700.

(2) The work of repairing Ruboramunda near Balliguda estimated to cost Rs. 8,900 has been included among the thirty small works shown in column 18 against Balliguda. This should have been shown separately as a large work, as it will provide employment for more than 1,000 persons, for three months.

The necessary alterations in the statements have been made in the Board's office.
