price when no longer required by the Marine Dept. The value of the materials is considerable and can be utilised on other works, whereas if sold they will probably fetch next to nothing. Only one light-keeper (without family) occupies the quarters at present & no great inconvenience will result if he is evicted.

Mr. Ashpitel also wishes to utilise the glazed and venetian windows of the old lighthouse ^{at Mangalore} when it is finally abandoned, for the light at Kaph Rock. The Presidency Port Officer agrees to the transfer.

There is no objection to either proposal which may accordingly be sanctioned.

No. 1336

Dated 15th October 1898.

From

Madras,

To

THE Presidency Port Officer,

SIR,

I have the honor to request your permission to dismantle the existing light-keepers quarters at Mangalore as the materials may be used for other buildings under construction. From enquiries I made at Mangalore I find that, owing to the want of water, there is no probability of these quarters being let or sold for a reasonable price when no longer required by you.

(2) Only one light keeper (without family) occupies the quarters at present and there will, I understand, be no great inconvenience if he is evicted. The value of the materials of which the quarters are constructed is considerable as I can utilise them for other building but if sold will probably fetch next to nothing.

(3) I also request your permission to utilise the glazed

glazed and venetian windows at the old lighthouse
As these will answer well at Kaph Lock. I do not
wish to remove these windows until the Mangalore
tower has been finally abandoned.

I have etc.

Sir,

In reply to your letter no 1336 dated 15th
October 1898 I have the honor to state that the
permission of Government should be obtained
to your first proposal and that I have no
objection provided Government grants the necessary

permission

permission. The materials specified in para 3 of
your letter may be utilized as proposed provided
the Public Works Department officials concerned
agree.

I have etc.
