OFFICE OF THE BOARD OF REVENUE  
(LAND REVENUE),

Madras, 2nd August 1897.

READ— again Board's Proceedings No. 4179 Misc., dated 4th November 1897.

Read -- also letter from H.D. Taylor Esq., Collector of -- Ganjam to the Secretary to the Commissioners of Land Revenue, Madras, Dis. No. 121 D/Eng., dated 10th July 1898, submitting a detailed report on the nature of the alterations which were reported necessary in the Principal Assistant Collector's office building at Chicacole.

Reference No. 857 dated 2nd August 1898.

In its Proceedings No. 3510 Mis., dated 18th September 1897 the Board submitted for the orders of Government the Ganjam Collector's letter seeking sanction for the preparation, by the Public Works Department, of an estimate for certain alterations and repairs required for the Principal Assistant Collector's ~~offi~~ office, Chicacole. Thereupon Government in its Order No. 5529 Mis., dated 28th October 1897, called for a detailed report as to the nature of the alterations proposed and the necessity for the same. The Collector now submits a list of alterations and repairs which, in the opinion of both himself and the Principal Assistant Collector, are absolutely required at present and states that, if a Public Works Department officer be deputed to inspect the building & prepare the requisite estimate, he should also be instructed to make provision for such other repairs as may be found necessary after the ensuing rainy season. Mr. Taylor adds that thorough repairs are necessary as the wood work has been in many places eaten away by white ants and that the present Taluk Board room is not sufficiently commodious to meet the requirements of that Branch.

2. In these circumstances the Board recommends that orders may be issued in the Public Works Department for an inspection of the building and the preparation of an estimate for the

necessary repairs thereto.

3. It is observed that the items shown in the Collector's list are estimated by the Minor Irrigation Maistry to cost only Rs.400 but the Board presumes that the Collector is convinced that the expenditure required for thorough repairs to the building will exceed Rs.500 and that the professional opinion is necessary, as otherwise it would not have been necessary for him to invoke the assistance of the Public Works Department.
