NOTES.

Reference to P. W. D. Code.

Vol. II, Chapter IV, para. 135 (h).

P. W. D. Form No. 41H

Maddas PROVINCE.

1. This form should be used by the Executive Engineer in any of the following cases:—

- When he requires a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.
- When he is unable to utilize the grant at his disposal for any work and wishes to resign it either wholly or in part.
- When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for the current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:—

PROJECT.

(1).—HEAD WORKS—

- Land.
- Buildings.

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by executive officers, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

BRANCH— *General*
CIRCLE— *Second*
DIVISION— *Kistna Northern*
FUND— *Provincial*

Application for a re-appropriation of Budget grants.

No. _____, dated the _____ 189 .

Forwarded to the

for sanction if approved.

No. _____, dated the _____ 189 .

The necessity for the surrender has been fully explained in this office no 417 Gb 3.11.98

(By order)

Boleiala Capt. R. S.

Samir

Letter from Capt. W. M. Ellis R.E.

Executive Engineer Kistna Northern Division to the Superintending Engineer, 2nd Circle. No 417 Gb dated 3-11-98.

I have to submit a proposition statement for the surrender of Rs 300 on the work "Constructing a Deputy Tahasildar's Office, Nakhoda" as I do not think I will be able to spend during the current year more than a total of Rs 100.

The state of progress of the work at present is very backward. The foundations of the cook room and Byotsched have been laid and the material is at site and excavation out to full depth all over the site of the main building. The laying of concrete is about to be commenced. The construction of doors, windows & roof trusses rafters &c is almost complete and has been charge for and the work on which expenditure for the remainder of the year is to be shown consists almost entirely of masonry.

3. The piece-work is dilatory and it appears most not improbable that a

a change will have to be made
which always results in delay.
I do not think that using every
effort it will be practicable to
spend more than Rs 11,000 on the build-
ing to the end of the year. The expenditure
to date is Rs 6509.

No. 3582 KN
5.11.98

Forwarded to the Chief
Engineer P.W. Department for favor
of resuming the balance of the grant
now surrendered by the Executive
Engineer Kistna Northern Division.
