Letter from J. C. Johnston Esq., Executive
Engineer, Kurnool Division, No 1308 dated
4th July 1898.

The appointment of Mr. H.S. King as Asst Store-keeper has been sanctioned up to end of August but I think it would be advisable to secure his services permanently.

2. There are three large stores for fanning tools in this district viz: at

Kumool

Debagunta

Cucurbitum

The votes in each Store are as follows:-

	Gramoties	Pelicas	Hammers iron	Hammers hard	Total
Wool-	20,075	21,324	2,356		
Daba guntha	22,147	18,875	7,937		
Cumbum	11,595	17,569	265		
Grand Totals	53,817	57,768	10,558		

Downing last famine issues from all
these

these stores to the P.W. Revenue and Local Fund were frequent, large numbers were lost on works and some seem to have been lost sight of. The accounts got into confusion and have been giving a great deal of trouble. The tools at Kurnool have been now arranged by Mr Dawson assisted by Mr King - but there still remain the tools at Seebaguntla and Cumburn to be counted and arranged. We have not yet received revised returns from Nandyal Sub Division for $\frac{1}{2}$ year ending August 1897, and there seem no likelihood of the Assistant Engineer assisted by ~~as~~ his one clerk being able to put things into order. Mr King has had good training at Kurnool and I propose to send him to the Nandyal Sub Division to put the accounts into order and to arrange the tools regularly. This will occupy Mr King some months till at least the end of December.

3. There seems a probability of mining works being opened shortly in this District and if so Mr Dawson will still more require Mr King's assistance.

4. Besides the putting the tools
accounts.

accounts
into order and counting and arranging tools.
large numbers require pointing and nearly
all should be ^{and marked} ~~marked~~ and the unserviceable
separated from the serviceable. Mr Dawson
is still able to work but in the natural
course of events he will have to retire
shortly perhaps in 2 or 3 years time and
it would be advisable to be prepared
for such a contingency, by having a
well trained European ready to take
his place.

was made for Mr. King's

the ground that his services

The S. S. S. S. action in allowing
his pay in the famine bill
after the division seems correct.
