PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Inspector-General of Police, Madras, No. 4733, dated 21st December 1897:—

With reference to G.O. No. 11, Judicial, dated 5th January 1897, communicating to me the sanction of Government for the repairs and alterations made in the old European barracks in Vellore to make this suitable as offices for the Assistant Superintendent of Police, Deputy Inspector-General of Police, and the Police school, I have the honour to say that the Superintendent reports that the room No. 4 in the plan enclosed, which has been repaired, cannot be taken over for use until a punkah is placed in it and until part of the room is converted into a record room. The Superintendent proposes to enclose (by erecting two cross walls), a space 12 X 12 feet as a record room, and to roof in the enclosure by a frame work of iron bars with wire netting. This, he says, would make a suitable record room. The Superintendent also reports that the floor still requires repair. I request, therefore, that the Public Works Department may be directed to prepare designs and estimates for this work in consultation with Mr. Armitage, the Assistant Superintendent of Police, Vellore, and that the work may be carried out. At present, it is not possible to use the room as an office.

2. I regret that, when the estimates and plans for repairs came before the Acting Inspector-General, the necessity for the record room was not stated.
