Order—No. 302 W., dated 7th February 1898.

In the letter recorded above, the Government of India has assigned a provisional grant of Rs. 92,000 for expenditure on Imperial Civil works in Madras during the year 1898–99, and the budget estimate has been prepared for this amount.

2. The control of grants for Minor works under Postal and Telegraph being vested in the Directors-General of Post Offices and Telegraphs, respectively, Superintending Engineers, the Consulting Architect, and the Superintending Engineer, Military Works, Madras Command, will apply direct to those officers for funds required for incomplete and new works under the heads in question.

3. The distribution of the allotments for the Meteorological works at Kodaikánal, as shown in the statement which accompanied the Government of India resolution, has been adopted in the budget. The grants will be redistributed in the final budget with reference to the state of the works at that time.

4. The plan and estimate prepared by the Salt Department for converting a portion of the bomb-proof barracks at Trichinopoly into an office-room for the Deputy Commissioner, Southern division, is forwarded to the Superintending Engineer, VI Circle, in view to a regular estimate being prepared and sanctioned.

5. Part II of the budget contains the distribution by divisions of the grants for Postal, Telegraph and Salt repairs. Expenditure should be rigorously restricted to the allotments provided.

6. The allotments applied for by the Superintending Engineer, Military Works, Madras Command, for repairs to the Postal and Telegraph buildings at Bangalore have been included in the budget and will be placed at his disposal on receipt of the final orders of the Government of India on the budget estimate for 1898–99.

7. The difference between the budget and revised estimates of charges for 1897–98 is due to the following causes :—

(*a*) Allotments for Minor works subsequently sanctioned by the Directors-General of Post Offices and Telegraphs.
(*b*) Transfer of a sum of Rs. 647 to the Military Works Department.
(*c*) Surrender to the Government of India of a sum of Rs. 37,350 from the grants for the Meteorological works at Kodaikánal.

8. The officers concerned will lose no time in submitting plans and estimates for items 4 and 5 of part I of the budget.

9. With these remarks, the preliminary issue of the Imperial Civil Works budget estimate for 1898–99 will be printed and circulated to the officers concerned for information and guidance, and four copies will be forwarded to the Government of India, Public Works Department.

ORDER

Appd. A.4.H 24.1.98

In 302 W 97.2.98

In the letter recorded above the Government of India has assigned a provisional grant of Rs 92000 for expenditure on Imperial Civil Works in Madras during the year 1898-99, and the budget estimate has been prepared for this amount.

2. The control of grants for minor works under Postal and Telegraph being vested in the Directors-General of Post offices and Telegraphs, respectively Supdtg. Engineers, the Consulting Architect and the Supdtg. Engineer, Military Works Madras Command, will apply direct to those officers for funds required for incomplete and new works under the heads in question.

3. The distribution of the allotment for the Meteorological works at Kodaikanal as shown in the statement which accompanies

accompanied the Govt. of India's Resolution has been adopted in the budget. The grants will be re-distributed in the final budget with reference to the state of the works at that time.

4. The plan and estimate prepared by the Salt Department for converting a portion of the bomb proof barracks at Trichinopoly into an office room for the Deputy Commissioner, Southern Division, is forwarded to the Supdg. Engineer VI Circle in view to a regular estimate being prepared and sanctioned.

Vide para 3 of Board's Proc. No. 4850 dy 8-11-97 flagged F

5. Part II of the budget contains the distribution by divisions of the grants for Postal, Telegraph and Salt repairs. Expenditure should be rigorously restricted to the allotments provided.

6. The allotments applied for by the Supdg. Engineer, Military Works, Madras Command, for repairs to the Postal and Telegraph buildings at Bangalore have been included in the budget and will be placed at his disposal on receipt of the final orders

Orders of the Government of India on the budget estimate for 1898-99.

7. The difference between the budget and revised estimates of charges for 1897-98 is due to the following causes:-

(a) Allotments for minor works subsequently sanctioned by the Directors-General of Post offices and Telegraphs

(b) Transfer of a sum of Rs 647 to the Military Works Dept.

(c) Surrender to the Govt. of India of a sum of Rs 37,350 from the grants for the Meteorological works at Kodaikanal.

8. The officers concerned will lose no time in submitting plans and estimates for items 4 and 5 of Part I of the budget.

9. With these remarks, the preliminary issue of the Imperial
