Public Works (189⁸) Department.

Note. This letter was written
by the S.E. before the receipt of
Go. 2867 W of 11. 11. 98. Rm
18/11/98.

CURRENT No. 9003

W for orders whether the 1 month
pass, passed in Go 2867 W, can
be extended to 6 APR
18. 11. 98.

From the Supt. Engineer
2 Circle
Belleary
No. 2764 W

Order Memo.

With reference to his
letter No. 2764 W dated 29th Oct 1898,
the Supt. Engr., III Circle, is referred
to condition (iii) in Go. No. 2867 W
dated 11th Nov. 1898, & he is re-
-quested to ascertain from the
Rev. W. Marler whether the
time allowed therein will not
suffice. If there is little proba-
-bility of the building being
required by Govt., there seems
to be no reason to move Govt.
to modify the Go. quoted.

S.E. W.
To the Supt. Engr., III Circle

FURTHER PAPERS.

Letter from Rev. F. L. Markers, City to the Executive
Engineer, Bellamy Division dated October 1898.

The Copy of your Letter to the Superintending Engineer recommending the grant of the Saluk Cutcherry, Gooty, to me, sent free, received. I thank you for the attention you have kindly given to the subject—and apologise for troubling you further.

In the conditions laid down you state in (a) that I should vacate the Cutcherry at once, if it is required by Government. I would point out that this might be very inconvenient if ever the condition were enforced of which I presume there is little likelihood. In a case similar to this viz the grant of a similar Cutcherry at Payalpad near Madanapally to Reverend L. B. Chamberlain, it was granted on the condition that it should be vacated at six months notice. If you could recommend such an alteration in condition (a) I should be obliged.

No. 7690 dated 22nd October 1898.

Copy forwarded to the Superintending Engineer

Engineer, III circle, for favorable consideration
in continuation of this office No. 1823, dated
31st Instant. There is little probability of the
building being required by Government and
I recommend the modification of the conditions
suggested by Rev. Barker. (signed) H. E. Clark,
Executive Engineer
Bellamy Division.

(True Copy)
No. 2764 of 29 October 1898
Communicated to the Chief Engineer,
Public Works Department for consideration
in continuation of this office No. 453 dated
6th October 1898.
