DECEMBER.

Subordinate Judge's Court at Palghat

Estimate of Rs. 2,980 for constructing an upper storey on the copyist room of the —, sanctioned, with remark ; and the amount allotted from the Provincial reserve.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

From A. L. HANNAY, Esq., Registrar of the High Court of Judicature, Madras, to the Chief Secretary to Government, dated 16th September 1898, Dis. No. 1655.

With reference to G.O., No. 1399, Judicial, dated the 7th instant, I am directed to forward herewith for approval a plan and estimate, amounting to Rs. 3,580, for constructing an upper storey over the copyist room of the Subordinate Judge's Court at Palghat, and to request that Government may be pleased to allot funds so that the work may be carried out at an early date.

2. I am to add that the District Judge reports there is a special reason for this work being taken in hand. The lower storey has at present a terraced roof which is unsuitable for the Palghat climate and it leaks: the erection of an upper storey will protect the beams from the damp and save the inconvenience to copyists of working in a leaky hall.

No. 2197, Judicial.

Approved and transferred to the Public Works Department, with the remark that the appearance of the building would be improved if the end of the new roof were hipped instead of being gabled.

Ootacamund,
12th October 1898.

(Signed) A. R. KNAPP,
Ag. Under Secretary.

Note by the Chief Engineer, Public Works Department.

The estimate for constructing an upper storey on the copyist room of the Subordinate Judge's Court at Palghat, altered in this office to Rs. 2,980, is sanctioned with the following remarks: The roofing, as proposed, with Mangalore tiles on teak reepers and ¾" cedarwood planking should be altered to Mangalore tiles embedded in ¾" mortar over flat tiles and reepers, as laid down in circular No. 4700 C., dated 26th October 1898.

2. A further reduction might be effected by using Malabar timber instead of teak.

24th November 1898.

(Signed) W. B. deWINTON,
Chief Engineer.

Order—No. 3077 W., dated 1st December 1898.

The estimate, amounting to Rs. 2,980, as altered by the Chief Engineer, for constructing an upper storey on the copyist room of the Subordinate Judge's Court at Palghat is sanctioned, and the amount allotted from the Provincial reserve.

2. Attention is drawn to the Chief Engineer's note read above.

3. This sanction has been registered as Provincial No. 89 W. of 1898–99, and classified as Civil Buildings—Original Works.

Dated 8th October 1898

From the Judicial Department

NOTE BY TECHNICAL SECTION.

Name of work. Constructing an Upper Storey on the copyists' room of the Subordinate Judge's Court at Palghat.

Est Rs 3580.

This Estimate called for in G.O. No 553 W dated 3rd March 1898 was submitted for sanction by the Supdg Engineer III Circle with his letter No 521 dated 18th Augt 1898 to the District Judge, South Malabar, and provides for adding an Upper Storey over the new copyists' room attached to the Sub. Court at Palghaut with Verandahs as shown in plan which will be used as a Court room.

The walls will be built of bri[ck] in chunam plastered 2 c[oats] and the roof, as propose[d] with Mangalore tiles, tea[k] reepers and 3/4" cedar woo[d] planking carried on truss[es]. The woodwork will be of

Mr Beebee.

Alter roofing as noted overleaf, and note reduction in total cost. Other remarks made can be seen footed in S. W. Estr. and estimate sanctioned in draft G.O

ACK

wood oiled 2 coats, & the Doors ($\frac{1}{3}$ panelled & $\frac{2}{3}$ Venetian) & windows (Venetianed) of teak painted 2 coats Charlton Silicate paint.

With reference to the recent Cir No 4700 C the roof may be altered by substituting Mangalore ~~with~~ ~~flat~~ tiles embedded ~~over a bed of~~ in $\frac{3}{4}$" Mortar over flat tiles for the proposed roof with ceiling planks, the rate for which will be about Rs 19 against Rs 34-8-0 allowed in Estimate.

Yes, the economy is worth effecting

The Estimate has been checked and reduced from Rs 3,580 to Rs 3,510 owing to an error in Verandah roofing.

A further economy can be made by substituting Malabar timber for teak.

Rates.– Data has been furnished in support of the principal items; the other rates compare well with the District Schedule.

Rates are liberal & can be passed.

The Estimate does not bear the countersignature of the District Judge but has been approved by the Judicial Department with the remark that the appearance of the building would be improved if the end of the new roof was hipped instead of gabled. It would be necessary to repair what the roof is at the other end of the building.

This remark is inserted by the then [illegible] Mr. [illegible], who has since withdrawn his objections to gabled-roofs, vide correspondence in another file on the matter.

Leave the gabled-roof as it is
