READ—the following papers:—

From G. P. ROSE, Esq., C.I.E., &c., Engineer-in-Chief, Hyderabad-Gódávri Valley Railway, to the Chief Engineer and Joint Secretary (Irrigation), Government of Madras, Public Works Department, dated Secunderabad, 2nd August 1897, No. 2643.

I have the honour to inquire whether the services of Mr. P. Hawkins, Assistant Engineer, Irrigation Branch, Public Works Department, can be lent to this railway for the purposes of construction. The terms I am prepared to give are those usual in similar cases, namely, the pay of the grade next higher to his substantive grade in the Public Works Department together with exchange compensation. The contribution for his leave and pension allowances would be paid into the Local Government treasury by the railway. He would also during construction be paid consolidated travelling allowance at the rate of Rs. 150 per month. I shall be greatly obliged if you will kindly let me know whether this temporary transfer can be arranged and if the Madras Government sanction the proposal. I shall esteem it a great favour if you could place Mr. Hawkins' services at my disposal at a very early date.

Transferred to the Chief Engineer, Public Works Department, for disposal.
10th August 1897.

(Signed) W. HUGHES,
Chief Engineer for Irrigation.

With reference to your No. 1131 D. of 16th August 1897, I have the honour to request that you will be good enough to allow me, if possible, to defer my final decision as regards accepting the post offered me in the Hyderabad-Gódávri Railway for a short time, as I have applied for examination leave from the 20th October; and, as I propose to come to Madras should the leave be granted, I should like to consult friends before deciding whether to take the appointment.

In accordance with your subsequent instructions, I telegraphed to the Chief Engineer, Hyderabad-Gódávri Railway, direct, and also to the Executive Engineer, Vizagapatam division, on the 27th October, informing them that I wished to accept the appointment.
