H.O. Form No. 2 (1,000)—June 1897.

CURRENT NO. 4898

OFFICE OF THE INSPECTOR-GENERAL OF PRISONS,

No. C. 1835

Camp Dated Waltair the 21st November 1898.

From

A. G. CARDEW, Esq., M.A., J.C.S.,

INSPECTOR-GENERAL OF PRISONS,

To

THE CHIEF SECRETARY TO GOVERNMENT.

SIR,

Enclosures.

In returning Public Works Current No. 8592, with file, forwarded to me for remarks, I have the honour to state that the proposal that the Jail Department should undertake the carrying out of the estimate for providing Cubicles at the Trichinopoly central jail was made to the Superintendent <sup>of the</sup> central jail and was accepted by him without my knowledge, and that in a letter No. 5988, dated 8<sup>th</sup> October last, I informed the Superintending Engineer VI<sup>th</sup> Circle that I was unable to approve of the arrangement. Such a division of responsibility between two Departments is very likely to lead to complications and the work of erecting iron cubicles is a task requiring considerable technical skill, and I am not confident that the jail could do it properly. I therefore informed Colonel Boddy that I considered the work should be executed by the Public Works Department.

I have the honour to be,

Sir,

Your most obedient Servant,

A. G. Cardew  
Inspector-General of Prisons.

I have the honor to inform you that, at the instance of the Inspector General of Prisons, an estimate amounting to \$2,500 for providing cubicles in Ward No: 2 of Block No: 5 in the Central Jail at Trichinopoly has been sanctioned by this office and funds granted in G.O. As it is now proposed to have the work carried out by the Jail Department, I request that sanction of Government may be obtained under paragraph 65, Chapter IX, Volume I of the Public Works Department Code, to that effect, treating the Jail Superintendent as an implem. holder under the Executive Engineer.
