To

THE DIRECTOR-GENERAL OF STORES,
INDIA OFFICE, LONDON.

SIR,

I am directed to forward, for favour of very early compliance, an indent, in duplicate, for the apparatus required for the lighthouses that are being constructed at Mulki, Manapad and Havelock Point in this Presidency. A copy of the Proceedings of this Government, No. 3207 W., dated 15th December 1898, is also enclosed, from which it will be seen that the stores are urgently required.

2. The requisite certificate by the Examiner, Public Works Accounts, in regard to provision of funds, is endorsed on the original indent.

I have the honour to be,
Sir,
Your most obedient servant,

(Signed) W. B. DEWINTON,
Secretary to Government.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

G.O., No. 588, Marine, dated 6th July 1898.

From the Examiner, Public Works Accounts, dated 1st December 1898, No. 4071 B./B.

ORDER—No. 3207 W., dated 15th December 1898.

With his letter, No. 916, dated 14th March 1898, recorded with the Government Order read above, the Superintendent of Works, Lighthouse division, submitted an indent for the lighthouse apparatus required during the current and the two succeeding years, and suggested that the whole indent be placed with the manufacturers at one time, so that the apparatus might be supplied on more favourable terms. As funds to meet the cost of the whole apparatus were not available from Port funds, the indent was held over pending decision of the Government of India on an application for a loan from Imperial funds in aid of the construction of lighthouses. There is no likelihood of this question being settled at an early date; but as it is not advisable to postpone the construction of the lighthouses at Mulki, Manapad and Havelock Point, which have already been put in hand, and for which funds have been provided in the current year, the apparatus required for these lighthouses will be indented for at once, and the Director-General of Stores requested to arrange for their very early supply.

No.	Date.

Heading

No. 1271 / 407 G

Presidency Port Office,

Madras, 19 November 1898.

From

Commander H. A. Street, R.N.M.,
Presidency Port Officer,
Madras,

To

THE SECRETARY TO GOVERNMENT,
MARINE DEPARTMENT,
CHEPAK.

Sir,

With reference to para 3 of Superintendent of Works, Light house Division, No. 1326, dated 13th October 1898 to Government communicated to this Office in G.O. No. 968, Marine, dated 16th November 1898 and the necessity of giving 6 months notice of the exhibition of a new Sea light, I have the honour to enquire whether it is likely that the indent for the apparatus for

Kapk

Kaph. Divi and Manapad Light-
houses is likely to be complied with
in the current year.

2. I fully concur in Mr:
Ashpitels views that the apparatus
required for lighthouses now
under construction should be
obtained without further
delay and that expense will be
saved thereby.

I have the honour to be,
Sir,
your obed. servant,
J. H. Hect
Commander, R. I. M.
Comy: Port Officer.

C. G. P.—No. 446 P W—23-2-1906-

~~Annual~~ indent on England for Sto

for

1898-99 1899-1900 19

For Madras Lig

No 7 of 98-99

India, are, as an almost invariable ru... dening
e Secretary of State. The Store Department at the India Office constitut
cial agency, which is maintained for the express purpose of purchasing
s in England on account of the Government of India, and, save in the
l cases mentioned below, stores of European manufacture must not be
ght in India, or obtained direct from Europe independently of the India
ce.

2. The special cases in which, with the previous sanction of the Govern-
t of India or of the Local Government, as the case may be, stores of
ropean manufacture may be obtained in India, are:—

(a) When for any special reason it may be more economical to do so;

(b) When stores indented for from England have not arrived, and incon-
venience to the public service is anticipated from the delay in the
supply;

When the stores are perishable.

3. Indents for public works stores, other than railway stores, so long as
are within the grant assigned for the purpose, should be sent direct by
Secretaries in the Public Works Department of the several Local Govern-
ents and Administrations to the India Office; three copies of printed and
wo of manuscript indents should be sent, and a copy be submitted to the
Government of India.

Note.—Copies of indents chargeable to Provincial and Local Funds are not required to be sent to the Government of India.

4. This form of indent should invariably be adhered to, other modes of pplication being entirely discarded, and requisitions in the body of letters, hich may be overlooked or misunderstood, being specially avoided.

5. The columns (which sufficiently explain their own meaning) must be d up without alteration, and others are not to be substituted, any remarks t may be considered necessary being confined to the column for that pur-, which should contain every explanation that may guide in the supply pattern of the articles required.

6. Where an established proportion for general stores has not yet been d, it should consist of three years' ordinary expenditure: the quantities in c at the date of requisition being added to the quantities due upon former nts, the difference between the aggregate of these two columns and the blished proportion is the proper quantity to be asked for. This procedure ly attended to, will always keep up an ample supply for general service; however, in exceptional circumstances, it is found desirable to exceed the stablished proportion, the reason for so doing must be inserted in the mn of remarks. The calculation of the established proportion on the sis of three years' ordinary expenditure is not applicable in the case of railways.

7. The columns printed in red ink are to be left blank for completion England.

8. In the column of remarks, the port to which stores are to be consign-should be stated, and also the names of the last two or three vessels whose signments have been included in the quantity in store as shown in column

9. Each indent must be accompanied by a certificate of the necessity the stores indented for, and that they cannot be advantageously procured local manufacture or from surplus stores of other departments, railways administrations.

10. In the case of stores for imperial purposes (including all state rail-ys) in a year not yet begun, the sanction of the Government of India must obtained to the proposed allotment before the Examiner can give his tificate; but for stores for provincial services (except provincial state lways) the sanction of the Local Government or Administration will suffice the Examiner.

11. When it is expected that the outlay will be provided partly in one ar and partly in another, the following addition should be made to the xaminer's certificate—"and that the balance of the estimated outlay in ngland, or £ (———) will be provided by the Government of India in the timates of the year 19 .19 . *Vide* Government of India letter No. ted "

12. In preparing indents attention should be paid to the rules on the sub-ct in appendix O. (P. W. Code, vol. I.)

I hereby certify that the stores enumerated in this indent are absolutely required for the service of the Pub
Works Department ~~for a period of~~ They cannot be procured of Local manufac
~~months, and I further certify that I have, by a personal inspection of works and stores, satisfied myself tha~~
~~they comprise the least possible quantity necessary for the above period.~~ or from surplus stores of other Divisions Railways and Administrat

Dated this 25th *day of* May 1898 ~~190~~, *at* Madras

(Signed) H Moss *

General Superintendent †
P W Stores
25/5/98

NOTE—1. In cases in which a personal inspection of books and stores cannot be made, the portion of the certificate relating thereto should be scored through.

2. The Indent should be paged, and the signature attached to the last line of the Indent.

3. The quantities entered in the indent should invariably be given in English weights and measures.

I certify that funds to meet the outlay which it is estimated will be incurred in England in connection with this indent during the year ~~19~~ 1898-99 . (a) will be provided by the Government of Mad
the Public works Department in the estimates of that year vide
