Order—No. 304 W., dated 7th February 1898.

Revenue.

The budget estimate of receipts for 1897–98 under Incorporated Local Funds was fixed at Rs. 4,000. The revised estimate has been raised to Rs. 8,500 on consideration of the actuals for the first six months of the year, the difference being due to increase in the revenue realised from the sales of produce and fines, refunds and miscellaneous. The latter amount has also been adopted as the budget estimate for 1898–99.

Expenditure.

2. The budget estimate of charges for 1897–98 amounted to Rs. 67,000. The revised estimate has been reduced to Rs. 62,728 by the following modifications of grants subsequently sanctioned :—

(a) Allotments for incomplete and new works sanctioned during the year.
(b) Surrender of funds from the grants for—
  (1) Bridge across the Varahanadi.
  (2) Maintenance of the Kistna right bank between Ipur and Mortota.

3. Presidents of District Boards and Superintending Engineers have, in accordance with G.O., No. 525 W., dated 28th February 1893, submitted their budget estimates of works under Incorporated Local Funds for 1898–99. The allotments for "Works" and the charges for "Establishment" and "Tools and Plant," amounting in all to Rs. 39,310, have been approved by the Local and Municipal Department. A sum of Rs. 140 having since been allotted* for expenditure in the current official year on repairing the road along the right bank of the Corayar, 65 to 67¼ miles, from Rajappanchavadi to Devangudi in the Negapatam division, the provision made for it in the ensuing year's budget is unnecessary. The President, District Board, Bellary, has since reported that the probable contribution to the Public Works Department for the scrutiny of Local Fund estimates will be Rs. 100 against Rs. 90 estimated by the Examiner. These modifications will reduce the demands to Rs. 39,180, for which sum the budget estimate for 1898–99 has been prepared.

4. With these remarks, the preliminary issue of the Incorporated Local Funds budget estimate for 1898–99 will be printed and circulated to the officers concerned for information and guidance, and four copies will be forwarded to the Government of India, Public Works Department.

Revenue

The budget estimate of Receipts for 1897-98 under Incorporated Local Funds was fixed at Rs 4,000. The revised estimate has been raised to Rs 8,500 in consideration of the actuals for the first six months of the year, the difference being due to increase in the revenue realised from the sales of produce, and fines, refunds, and miscellaneous. The latter amount has also been adopted as the budget estimate for 1898-99.

Expenditure

2. The budget estimate of Charges for 1897-98 amounted to Rs 67,000. The revised estimate has been reduced to Rs 62,543, by the following modifications of grants subsequently sanctioned:-

62,728

(a) Allotments for incomplete and new works sanctioned during the year

(b) Surrender of funds from the grants for

(1) Bridge across the Varahanadi

(2) Maintenance of the Kistna right bank between Spur and Mortota.

3. Presidents of District Boards and Suptg. Engineers have in accordance with G.O. No 525 W dated 28th February 1893, submitted their budget estimates of works under Incorporated Local Funds for 1898-99. The allotments for "Works" and the charges for "Establishment" and "Tools and Plant" amounting in all to Rs 39,310 have been approved by the Local and Municipal Department. A sum of Rs 140 ×having since been allotted for expenditure in the current official year on repairing the road along the right bank of the Coorayar, 65 to 67½ miles, from Rajappanchavadi to Devangudi in the Negapatam Division the

× G.O. No: 39 W of 7 January 1898

the provision made for it in the ensuing year's budget is unnecessary. The President, District Board, Bellary has since reported that the probable contribution to the P.W.D for the scrutiny of Local Fund estimates will be Rs 100 against Rs 90 estimated by the Examiner. These modifications will reduce the demands to Rs 39180, for which sum the budget estimate for 1898-99 has been prepared.

4. With these remarks, the preliminary issue of the Incorporated Local Funds budget estimate for 1898-99 will be printed and circulated to the officers concerned for information and guidance, and four copies will be forwarded to the Government

Order—No. 38 L., dated 6th January 1898.

Subject to the following remarks, the necessary provision will be made in the Local fund budgets for 1898–99 :—

(1) The provision of Rs. 2,683 made in statement A for new works should be struck out, as the necessary funds have been ordered to be placed at the disposal of the Public Works Department in the current year—*vide* G.O., No. 2448 L., dated 17th December 1897.

(2) In statement D the charges on account of establishment at 23 per cent. and of tools and plant at 1½ per cent. on Rs. 3,639 are given as Rs. 810 and Rs. 100, respectively, instead of Rs. 837 and Rs. 55.

2. The Presidents of the district boards concerned should see that the omission referred to in paragraph 3 of the memorandum of the Public Works Department does not recur. The occurrence of this irregularity notwithstanding the remark in paragraph 2 of G.O., No. 40 L., dated 8th January 1897, is unsatisfactory.
