BACK PAPERS.

FURTHER PAPERS.

Letter from A. A. G. Malet, Esq
Executive Engineer, Coimbatore Division
to the Superintending Engineer IV
Circle, dated Coimbatore 29 March
1898 no. 1356.

I have the honor to forward herewith an estimate for improvements to the Kalingaroyan Channel amounting to Rs 4,600 and to request that the sanction of Government may be obtained at an early date.

2. I have ordered the work to be proceeded with in anticipation of sanction as the work is urgent and will have to be completed in time.

3. I have the honor to request that necessary funds may be allotted for carrying out the work as no provision is made in the Irrigation Budget of 1898-99.

AP 31st 98

Report to accompany the estimate for the improvements to the Kallugayayay channel 98-99

Amount of estimate Rs 4600

The channel bank is eroded in many places, causing much anxiety during the rainy weather. Some of these eroded portions have had to be protected by brushwood walls during last year. The Executive Engineer in his No. 3347 26-8-97 has ordered that such places should be renetted this year. The accompanying estimate makes provision for renetting only the very bad portions, which if not immediately attended to, may end in bad breaches. 6" gravel backing has been allowed for the renetment.

The portion where the new settlement Channasamudram is proposed the brick require the attention before the 15th June (the probable date water is left the ch.). There are other places requiring attention but as they can safely stand one or two seasons more they are not included in the estimate of this year. The work will be given out to darsal men to enable it being
