I have the honor to inform you that the Examiner Public Works accounts has withheld his audit of the arrears of increment of clerk P. Sethu Now pending the sanction of Government authorizing him to investigate the claims under code Vol II, III 163-a.

2. Arrears of increment were claimed as the clerk was promoted subproblem clerk IV class II grade from 10th February 1891 to 19th November 1891 and again from 13th July/92 to 22nd August/93. or in other words he had 1 year 5 months and 20 days service in the grade before he was made permanent which was on 17th March 1894. According to art-170 of the Civil Service Regulations the clerk was entitled to the increment and should have drawn it during

a portion of the broken periods he had subproblem service in the grade. But the clerk only drew his first increment from April/95. The consequent arrears are therefore due and were granted by me and I would ask you to be good enough to obtain the formal sanction of Government to enable this to be removed from the list of objectionable items.
