In the Table
appended to para 12,
Ch. I, Vol I, P. W. Code
will be found the
entry "Assistant Engineer
3rd grade (after three
years approved service,
Rs 400." The next entry
gives the commencing pay
of least. ~~Engineer 3rd grade~~
at Rs 350 per annum.

a foot note to
the first mentioned entry
gives reference to note
7, para 10. This note
7 will be found at
page 6 of the chapter,
& shows the conditions
on which the increase
of Rs 50 per annum is
granted.

P. 2.

1. Same.
2. I should prefer the
recommendation of the C. P. to
be in the form of words suggested
in Note 7 on page 6, Volume I of
P. W. D. Code. The expression
"has a good record" is somewhat
vague.

3. 2. 98

It will be noticed that
in Note 7. Asst. Engrs 2nd
grade are referred to, not
3rd grade. This is because
the present 3rd grade of
Asst Engrs is the old
2nd grade - and, before the
present classification was
introduced, the pay of Asst
Engrs 2nd grade was Rs 350,
with an increment of Rs 50
after 3 years approved
service. '2nd grade' should
have been altered to 3rd
grade when the present
edition of the Code was
published. The attention of
the Govt of India will be
called to this oversight.

Note for His Excellency

His Note dated 3.2.98.

My recommendation
has now been altered as
requested by His Excellency,
to the form of words
suggested in Note 7, par
6, Vol: I of the P. W. D.
Code. By "good record"
I meant that Mr. Khare-
gato's character as por-
trayed in the annual
return submitted to this
office by Suptg Engineers
is a good one. I
submit the last return
received. He has also
done good work during

The increment is now added.

Note by the Chief Engineer, P.W.D.

W. H. S. 2.2.98
Mr. Kharegat has a good service has been satisfactory. He went up for the professional examination prescribed in para 23, Chapter II, Volume I, P.W. Code, in October last, and if he had passed it, would have been recommended for promotion to Assistant Engineer, 2nd grade. He, however, failed to pass it, and was not therefore eligible for promotion, but as this failure was probably due to his famine work giving him no leisure to study for the examination, or to acquire experience in ordinary professional work, I recommend that he be granted the Rs. 50 increment allowed by Code Rule.

W. H. S.
2.1.98

W

If Mr. Khazot had passed his professional and colloquial examination before completion of 3 years' service, he would probably have been promoted to 2nd grade on 1.10.27, for on that date there was a vacancy & there was nothing against his character. He passed the colloquial examination on 22.10.27 (Code Vol II, Ch. II para 28) & if he had passed the professional examination (Code Ch. II, para 23) on the same day (he went up for it on that day & failed) he might have been promoted on 22.10.27.

No officer can claim promotion, even though he may be

Mr. K. had passed his professional exam. at the age of 22. He claimed promotion to 2nd grade. 15.1.28
Cm. 361

The Super. Engr does not make a specific recommendation as required by rule 7, para 6, para 10, Ch. I Vol I, P. W. Code, but this is probably because the present S. S. has had no personal knowledge of Mr. Khazot's work.

When Mr. Khazot applied for professional examination a short while ago, the S. S. II circle made a favorable report on him -

a recommendation might be made by the Chief Engr in a note to accompany

Whether the 50 increment allowed for Code Rule

terms of the note.

Note 7 refers to the case
to Talari of last
Syr 2nd grade, not
2nd grade -

Mr. Kharepat has a good
record. He went up for
the professional because
heerated in para 23, ch II
root position. After last
and if he had failed it,
would have been promoted
to last Syr. 2nd grade.
He, however, failed to pass
it, & was not therefore
eligible for promotion, but as
this failure was partly
due to his family work
giving him no leisure to
study in the evening, & to
some experience in his
business work, I recommend
that he be

qualified by examination
& by time rule. For
1: there must be
a vacancy in the higher
grade, & 2nd, the
officer must be well
reported on (code
vol I, ch. I, para 78)

Note for H.S.

The my recommendation
has now been altered
as reported by H.S. to
the form of words suggested

the code. By 'good

R. character, as portrayed

What I did not
understand myself
in the first instance
was that note 7 para
10 refers to Ant.
Syr 2nd grade - not
3rd grade - & yet
no mention of
delay to last Syr.
2nd grade is shown
in para 10.

L.H.W

31.1.28

W The present 3rd grade
para. 6 is the old
2nd grade.

Before the present
classification was intro-
duced, the pay of
Ant. 2nd grade
was Rs 350, with

an increment of Rs 50
after 3 years approved
service.

In the article 7, at
para 6 of the Code, 2nd
grade should have
been allowed to 3rd grade
when the present edition
of the Code was pub-
lished. The correction
was not made evidently
by oversight.

 Mr. Kharegat failed to pass his professional
 examination or he would have received
 promotion, but in extenuation of this it
 is to be remembered that he was employed
 on family duty for some 4 months
 before he appeared for it: and thus
 lost the opportunity of acquiring
 experience and working for it which
 he would otherwise have had.
