My dear Arundel ^{Ms. 2. 98} ^{End} ^{Publ. 98}

The Astronomer Royal
wishes to make some changes
in connection with the
brims (or domes) for the
Kodak Canal Observatory
& suggests that they should
be ordered in consultation
with him at home. This I
think would be a great
advantage. The indent
went home urgent
two mails ago & I would
suggest that a telegram
might be sent asking

the India Office to
defer making the
final contract
pending a reference
to Mr Christie. Probably
there will be no loss of
time on the whole
by adopting this course
as it is almost certain
that a reference would
have to be made to me
here if there was no
one at home to
consult

I am just starting for
Kodakanaal Yrs Sincerely

Christie Smith
