2. Various complaints have already been made and I request that you will ask Government to make the strongest representations to the Nizams Government in order to ensure the agreement being respected.

Convenient for the Nizams channel they may perhaps be altered; but decision arrived at, whatever it may be must be respected by both parties.

Sir

I have the honour to report that the Nizams authorities have only recently commenced the repairs to the Koragal anicut. Their overseer it would appear threw open the under sluices on the 16th Instant and it was on my inspection of the anicut on 26th Idem that I discovered this.

2. A report of the matter was made personally to overseer Swaminatha Iyer by one of the Head sluice watchmen on 17th but neither of them brought the same to my notice.

3. It is not known when the Nizams overseer intends to close the sluices

sluices again but no time should be lost in doing so as the ryots under the Baswannah Channel will suffer considerably.

4. I may here state that we got no help whatever from the Nizams people in closing or opening the under sluices of their anicut during the periodical repairs of the channel. Our coolies were afraid to go near the sluices and the result was that they remained shut from 2d Febry (the first period of closure) to 16th March. We were able however to carry out the channel repairs by closing the Head sluice and throwing open the scouring sluices.

In forwarding herewith copy of letter No. 2746 dated 1st April 98 with its enclosures from the officer in charge of Bellary Division regarding the opening and closure of the scouring sluices of the Koregal anicut, I have the honour to request that you will be good enough to bring again to the special notice of Government, the failure on the part of the officers of the Salar Jung Estates to carry out the rules agreed upon, after much correspondence, in G.O. No. 928 I dated 5th November 1896.

2. H. H. The Nizam's Minister in his reply

reply to the Resident at Hyderabad communicated with G.O. No. 518 I dated 3rd June 97 has stated that the Nizam of the Salar Jung Estates has been instructed by His Highness' Government to issue stringent orders to the Amildar of Koppal to abide by the agreement already made, but it will be seen from the statement of the working of the scouring sluices of the Koragal anicut, herewith submitted, that the provisions of G.O.
