READ—the following papers :—

From A. H. GARRETT, Esq., Superintending Engineer, IV Circle, to the Chief Engineer for Irrigation, dated Coimbatore, 15th June 1898, No. 125/I.

I have the honour to submit herewith, for sanction of Government, an estimate amounting to Rs. 3,650 for constructing an inspection bungalow with out-houses at Mel Venkatapuram in the North Arcot division.

The necessity for the work is fully explained in the report accompanying the estimate.

ENCLOSURE.

REPORT to accompany the Estimate for constructing an Inspection bungalow at Mel Venkata-
puram, in Poiney Ancient System.

Amount of estimate	...	...	...	...	...	...	...	RS.
								3,650

The estimate provides for a rest-house exactly similar to that sanctioned with G.O., No. 347 I., dated 23rd April 1894, at Panapakkam in Pálar Northern section. Between the Poiney aicut bungalow and Arkónam, a distance of about 30 miles, there is no convenient halting place for the inspection of the channels and tanks under the Poiney aicut. In the monsoon this causes great inconvenience as the roads are not good and tents cannot easily be taken to this tract of country.

2. The site now proposed for the inspection bungalow is almost midway between the two stations mentioned above and is central to all tanks and channels in the system. It is about 4

3. The site proposed is in a forest tope, and the District Forest-officer in his No. 142 of 1897-98, dated 19th January 1898, says that "the value of the plot including trees, well, &c., therein referred to, is Rs. 370." This amount has accordingly been included in the estimate.
