Chapter XV, section vi, para. 199.

(a).—When a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.

(b).—When a grant for a work is found to be in excess of requirements, and it is proposed to resign it, either wholly or in part.

(c).—When it is proposed to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus :—

PROJECT.

(1).—HEAD WORKS—

(B). Land

(K). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

1. The building is nearly completed. The additional fund now applied for is required to settle up finally the contractor's account. A comparative statement explaining the excess will be submitted shortly for sanction.
2. The work is still in progress, it is reported that liabilities to the extent of Rs 2500 has been incurred on this work which it is necessary to discharge. There has been an expenditure of Rs 10067 against a grant of Rs 4000/-
3. The full additional allotment applied for this work is Rs 7000/- but Rs 5200/- has been re-appropriated for grants for other works in the Circle vide this office No. 6179W dated 24 February 1908. A sum of Rs 1800 is now applied for to make up the total additional funds required.
4. The amount is required to pay for the collection of materials sanctioned in S.O. No. 2743 W dated 25.9.96.
5. The amount is required to pay for buildings that are being constructed for storing famine tools. The works are being pushed on with great rapidity & it is expected that they will be completed during the current official year. Please also see Chief Engineer's No. 5601C dated 22.12.97.
