The Chief Engineer
P. W. Department.

Sir,

Have the honour to bring to your notice that the District Medical and Sanitary Officer, Godavari District on his inspection of the hospital at Bhadrachalam remarked that the bathing shed attached to the hospital is never used for bathing purposes and that there appears to be no object in keeping the shed and the Special Assistant Agent to whom the paper containing the above remark was sent, asks the Enq Enquiries Godavari Eastern Division to take necessary steps on the subject.

21. This shed is borne on the refuse of this department at a value of £72 and has only a thatched roof. It is not required for any other purpose.

3. I therefore recommend that the shed be demolished and the materials sold by public auction and request that necessary sanction of Government be obtained.
