SUBJECT.

Informing that he would
repair another staff boat
in December next & if
none be available at
Madras he will take over
boat No. 7.

available for hire to the general public
when not required by this division.

(3) The arrangement I should prefer would
be for boat no 7 to remain in charge of
the Executive Engineer Buckingham Canal
Division as at present with an instruction
that it is to be placed at the disposal of this
division when required. This will be the
most convenient arrangement for this
division as I have no one to look after the
boat at Madras.

I have the honor to be,
Sir,

Your most obedt servant,
