To the Secy to the Govt. of India P.W.D.

Sir,

I am directed to forward, for the order of the Govt. of India, a memorial from Mr. H. P. Carlos, Ex. Engr. (Prodn.), Madras P.W. Dept., praying that he may be granted a special addition to his service to enable him to retire on terms more favourable than those to which he is now entitled.

2. Under Article 995 C.S. Regns. questions relating

to the pension upon officers should not be submitted until he actually retires, but in this case the petition is forwarded under clause (b) of the same article, the special reason for doing so, being that in the covering letter attached to the memorial, Mr Carlen states that "owing to failing health he wishes to retire if reasonable terms be given", and the question of his retirement apparently hinges on the amount of pension which may be granted to him.

3. Mr Carlen asks that the favourable terms of retirement offered under Govt. of India Resolution No. 2873 G dated 2nd Nov. 1883 to all civil Engineers of the P.W. dept. who had then completed 15 years service, may be extended to him, and that he may be granted the pension due to 25 years' service, instead of that for a service of 20 years.

4. Mr Carlen was born in October 1832, and is therefore now 45 years of age - He entered the Dept. in February 1876, & has therefore had 22 years' service to date, of which 3 years, 11 months and 6 days have been spent on furlough, so that under articles 711(a) and 712(a), C.S. Regns, he is only entitled to a pension of Rs 4000 per annum.

5. He bases his claim for special terms on the fact that the over-retirement of the years immediately preceding and including 1875 has prevented such a block in promotion that he

+ Rs 5000 per annum.

† under Art. 711(a) C.S.R., 2 years of furlough in a service of 20 years count for pension - Mr Carlen has thus about 20 years' pensionable service.

Commt- hope to attain
to the rank of Supt Engr, and has to
remain as an Executive
Engineer with duties
to perform for which
his age unsuits him.

6. It is undoubtedly
true that the large
number of officers who
joined the Instn P.W.
Dept in 1874 and 1875
has rendered the prospects
of the men of 1875
attaining the rank of
Supt Engr somewhat
remote, but this fact
has not acted prejudicially
on Mr Carlos personally,
because his record
is not sufficiently good
to warrant the presumption
that he would be
selected for promotion
to Supt Engineer when
to
may be granted the

his turn come. In
these circumstances, I am
to state that H.E. the
Governor in Council does
not support the memo-
rial.
