From F. C. HARRISON, Esq., Officiating Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 7th December 1897, No. 3846.

With reference to G.O., No. 960, Financial, dated the 19th November 1897, I have the honour to state that no figures are estimated for 1898-99 against the detailed head "Inspection of boilers" under XVII-C. Police—Fees, fines and forfeitures", although an actual receipt of Rs. 150 is shown against the accounts of 1896-97. In the circumstances, I request that the requisite figures be now added.

MEMORANDUM, No. 5361-C.

The budget estimate of the steam-boiler inspection establishment for 1898-99, as now revised by the Boiler Inspector, is approved and transferred to the Financial Department.

2. With reference to paragraph 2 of the note in the Financial Department on Public Works Current No. 11442, the attention of that department is invited to the letter from the Boiler Inspector, No. 322, dated 7th December 1897, copy of which is herewith forwarded.

ENCLOSURE.

COPY of letter from the Inspector of Steam-boilers and Prime-movers, Madras, dated 7th December 1897, No. 322.

With reference to Public Works Department Memorandum No. 5142-C., dated 30th November 1897, forwarded to me for the revision of the figures in the budget estimate for 1898-99, I have the honour to state that I have made a few reductions both in the revised estimate for 1897-98 and budget estimate for 1898-99. I regret, however, to be unable to recommend a reduction in regard to furniture for 1898-99, because the location of my office is dependent on certain proposals in regard to the Sanitary Engineer's office in which I am temporarily located, and as long as I have no place to put furniture it is useless to purchase it. I have therefore reduced the allotment in the revised budget for 1897-98 and increased slightly that for 1898-99.

2. In regard to apparatus, sanction has just been given for certain tools, &c., which are not likely to be here until 1898-99. I have therefore reduced the figures for 1897-98 and let the figures for 1898-99 remain unchanged.

3. If expected arrangements for the Sanitary Engineer's office allow of my being located in that, savings will, of course, be effected in regard to office-rent, sweepers, lighting, &c., but it is, perhaps, unwise to calculate on this, and I have allowed the figures for office-rent, &c., to remain.

ORDER—No. 1043, Financial, dated 13th December 1897.

The estimates are accepted as shown in the appendix to these proceedings.

2. The detailed head *Inspection of Boilers* under XVII-C. POLICE—FEES, FINES AND FORFEITURES will in future be omitted from the budget estimate of receipts under XVII. POLICE submitted by the Inspector-General of Police.
