Concrete - The roof is now too heavy for the walls which are being forced outwards, and large cracks are appearing in the barrels & walls."

To remedy the above defects, it is proposed to remove the present roof and to replace it by a flat & pan tiled roof resting on trusses over the Centre block and to put terraced roof over the side blocks. The accompanying Estimate provides for the above improvements. The walls will be built of brick in Chunam & plastered with 2 coats of Chunam in & out. Roof timbers will be of teak & wood oiled 2 coats -
